The Long Walk *Hachette UK*

'I hope The Long Walk will remain as a memorial to all those who live and die for freedom, and for all those who for many reasons could not speak for themselves' Slavomir Rawicz Slavomir Rawicz was a young Polish cavalry officer. On 19 November 1939 he was arrested by the Russians and after brutal interrogation he was sentenced to twenty-five years in a gulag. After a three-month journey in the dead of winter to Siberia, life in a Soviet labour camp meant enduring hunger, extreme cold, untreated wounds and illnesses and facing the daily risk of arbitrary execution. Realising that to remain meant almost certain death, Rawicz, along with six companions, escaped. In June 1941, they crossed the trans-Siberian railway and headed south, climbing into Tibet and freedom in British India nine months later, in March 1942, having travelled over four thousand miles on foot through some of the harshest regions in the world, including the Gobi Desert, Tibet and the Himalayas. First published in 1956, this is one of the greatest true stories of escape, adventure and survival against all odds. In 2010, a film, The Way Back, based on the book, directed by six-time Academy Award-nominee Peter Weir (Master and Commander, The Truman Show, and The Dead Poets Society) was released. It starred Colin Farrell, Jim Sturgess and Ed Harris.

As Far as My Feet Will Carry Me *Constable*

Originally published in 1955, this must be one of the most dramatic adventures of our time. Clemens

Forell, a German soldier, was sentenced to 25 years of forced labour in a Siberian lead mine after the Second World War. Rebelling against the brutality of the camp, Forell staged a daring escape, enduring an 8000-mile journey across the trackless wastes of Siberia, in some of the most treacherous and inhospitable conditions on earth. Bauer's writing brilliantly evokes Forell's desperation in the prison camp, and his struggle for survival and terror of recapture as he makes his way towards the Persian frontier and freedom.

The Long Walk *Anchor*

Brian Castner served three tours of duty in the Middle East, two of them in Iraq as the head of an Explosive Ordnance Disposal unit. Whenever IEDs were discovered, he and his men would lead the way in either disarming the deadly devices or searching through rubble and remains for clues to the bomb-makers' identities. And when robots and other remote means failed, one technician would suit up and take the Long Walk to disarm the bomb by hand. This lethal game of cat and mouse was, and continues to be, the real war within America's wars in the Middle East. When Brian returned stateside to his wife and family, he entered an equally inexorable struggle against the enemy within, which he comes to call the "Crazy." This thrilling, heartbreaking, stunningly honest book alternates between two harrowing realities: the terror, excitement, and camaraderie of combat, and the lonely battle against the unshakeable fear, anxiety, and survivor guilt that he—like so many veterans—carries inside.

Skeletons on the Zahara *Little, Brown*

b.A masterpiece of historical adventure, ISkeletons on the Zahara The western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails and thorny scrub -- and its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig Commerce was dashed against Cape Bojador and lost, although through bravery and quick thinking the ship's captain, James Riley, managed to lead all of his crew to safety. What followed was an extraordinary and desperate battle for survival in the face of human hostility, starvation, dehydration, death and despair. Captured, robbed and enslaved, the sailors were dragged and driven through the desert by their new owners, who neither spoke their language nor cared for their plight. Reduced to drinking urine, flayed by the sun, crippled by walking miles across burning stones and sand and losing over half of their body weights, the sailors struggled to hold onto both their humanity and their sanity. To reach safety, they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity. From the cold waters of the Atlantic to the searing Saharan sands, from the heart of the desert to the heart of man, Skeletons on the Zahara is a spectacular odyssey through the extremes and a gripping account of courage, brotherhood, and survival.

We Die Alone

We Die Alone *Rowman & Littlefield*

We Die Alone recounts one of the most exciting escape stories to emerge from the challenges and miseries of World War II. In March 1943, a team of expatriate Norwegian commandos sailed from northern England for Nazi-occupied arctic Norway to organize and supply the Norwegian resistance. But they were betrayed and the Nazis ambushed them. Only one man survived--Jan Baalsrud. This is the incredible and gripping story of his escape. Frostbitten and snowblind, pursued by the Nazis, he dragged himself on until he reached a small arctic village. He was near death, delirious, and a virtual cripple. But the villagers, at mortal risk to themselves, were determined to save him, and--through impossible feats--they did. We Die Alone is an astonishing true story of heroism and endurance. Like Slavomir Rawicz's The Long Walk, it is also an unforgettable portrait of the determination of the human spirit.

Defiant Courage *Skyhorse + ORM*

The incredible true story of Jan Baalsrud’s escape from the Nazis in the frigid wilderness of occupied Norway. In late March 1943, in the depths of the Second World War, four Norwegian commandos arrived by fishing cutter in the cove of Toftefjord in northern Norway. They dropped anchor there, hoping to establish a base of operations for a campaign of sabotage against the occupying Nazi forces. But they were soon betrayed. A German boat attacked the cutter, killing all but one of the would-be saboteurs. The lone survivor, Jan Baalsrud, who was wounded in the fighting, then embarked on the adventure of his life. He swam icy fjords, climbed snow-covered peaks, endured snowstorms, and got caught in a monstrous avalanche—all in an attempt to elude his Gestapo pursuers. More than sixty residents of Norway’s Troms District risked their lives to help Baalsrud, who was slowed by snow blindness and frostbite, on his perilous journey to freedom. “Baalsrud and his rescuers,” remarked the New York Times, “displayed an unbelievable level of hardheaded toughness and resilience.” Defiant Courage is the amazing true story of Baalsrud’s escape, which inspired the book We Die Alone and the Oscar-nominated Norwegian film Nine Lives. Meticulously researched for more than five years, Astrid Karlsen Scott and Tore Haug’s account brings out the truth behind this edge-of-your-seat real-life survival tale.

Last Man Off *Penguin*

“A sinister version of The Perfect Storm. Thrilling.”—Sunday Times (UK) For readers of The Perfect Storm, Between a Rock and a Hard Place, and Into the Wild There’s nothing that armchair adventure lovers relish more than a gripping true story of disaster and heroism, and Last Man Off delivers all that against a breathtaking backdrop of icebergs and killer whales. On June 6, 1998, twenty-three-year-old Matt Lewis had just started his dream job as a scientific observer aboard a deep-sea fishing boat in the waters off Antarctica. As the crew haul in the line for the day, a storm begins to brew. When the captain vanishes and they are forced to abandon ship, Lewis leads the escape onto three life rafts, where the battle for survival begins.

438 Days *Simon and Schuster*

Declared “the best survival book in a decade” by Outside Magazine, 438 Days is the true story of the man who survived fourteen months in a small boat drifting seven thousand miles across the Pacific Ocean. On November 17, 2012, two men left the coast of Mexico for a weekend fishing trip in the open Pacific. That night, a violent storm ambushed them as they were fishing eighty miles offshore. As gale force winds and ten-foot waves pummeled their small, open boat from all sides and nearly capsized them, captain Salvador Alvarenga and his crewmate cut away a two-mile-long fishing line and began a desperate dash through crashing waves as they sought the safety of port. Fourteen months later, on January 30, 2014, Alvarenga, now a hairy, wild-bearded and half-mad castaway, washed ashore on a nearly deserted island on the far side of the Pacific. He could barely speak and was unable to walk. He claimed to have drifted from Mexico, a journey of some seven thousand miles. A “gripping saga,” (Daily Mail), 438 Days is the first-ever account of one of the most amazing survival stories in modern times. Based on dozens of hours of exclusive interviews with Alvarenga, his colleagues, search-and-rescue officials, the remote islanders who found him, and the medical team that saved his life, 438 Days is not only “an intense, immensely absorbing read” (Booklist) but an unforgettable study of the resilience, will, ingenuity and determination required for one man to survive more than a year lost and adrift at sea.

The Longest Walk

George Meegan is an adventurer, lecturer, school reformer, and world traveler. He holds eight Guinness World Records, the most official world records for any European. This includes "The Longest Unbroken March of All Time" that which is described in this book. The epic journey he began linked Tierra del Fuego, South America to Prudhoe Bay, Alaska. The 19,019 miles, was completed in 2,425 days / 41 million steps. He was shot at and nearly killed by a Street Gang in Panana. He traversed the historically impassable Darien Gap, married his Japanese sweetheart, became a father, and waswelcomed by US President Jimmy Carter! Across the United States the World Walker preceded town-to-town, George found he had discovered the 'American Dream'! From New York, where he was honoured by Meegan Day in Brooklyn. He proceeded through northern USA, into Canada's Yukon, and onto the final step into the Arctic Circle. On the afternoon of September 18, 1983, he crossed frozen tundra to the edge of the Arctic Ocean, dipped his hand into the cold, slivery water, and was done. He fell to his knees and wept. Until this day no human had ever traversed the entire Americas, be it by vehicle or even ship or aircraft; but of course, Meegan was on foot. Today, nearly three decades later, the feat remains unequalled. At age 31, George Meegan had walked 19,019 unbroken miles, and rose from the water's edge to face a new challenge of dealing with his journey for the entire remainder of his life. The Longest Walk took place between 1977 and 1983. In 2000, he completed about 500km across the ice to reach Barrow, Alaska, the largest Eskimo settlement in the world. It was the final action of the 20th century at the historic millennium, Meegan uniquely got the USA government (by order of the White House) to 'fall down on knees' and

apologize before to the First Nations for historical travesties. The story of the Longest Walk found its way to Dodd, Mead of New York. Just before publication, the book editor died, and then, after 199-years, Dodd, Mead slipped beneath the waves into bankruptcy. So, notwithstanding powered coverage, it was too late. The sunk publisher took the book down with them, after being told that his book was bound to become a bestseller. The English Publishers told him 'They would publish nothing he wrote!!' In 1989, Paragon House pressed out a few thousand copies, but few saw it. Xlibris, ETC. of Philadelphia resurrected it; all in all, not a success. Still, from time to time, Meegan received letters asking about the abrupt vanish of The Longest Walk. Now, the answer is the 2021 Third Edition. This is the original story, with unpublished photos, an extended appendix, and Yoshiko, his wife makes an encore!

Checkpoint *Europa Editions*

A novel of suspense and psychological tension set in the world of international humanitarian aid by a founder of Doctors Without Borders. The four men accompanying Maud, a young French idealist, on an aid convoy to Bosnia are very different from the clichéd image of the humanitarian volunteer. One by one, they reveal the secret wounds that have brought them to this conflict zone and, mile by mile, the true nature of their cargo . . . Prize-winning author, Jean-Christophe Rufin offers up a powerful psychological literary thriller that asks vital questions about the role of humanitarian action in today’s world, bringing to light the most fundamental dilemmas of our age. As a new kind of violence insinuates its way into the heart of Europe, this novel asks whether it is more effective to take up arms against the enemy or attempt to counter violence with benevolent acts and enlightenment ideals. “An enthralling, cleverly told novel.” —Elle (France) “This taut thriller is distinguished by its literary polish and moral heft.” —Publishers Weekly “This mix of well-crafted characters, psychological suspense, and the harsh realities of life in wartime results in a nail-biting, challenging literary thriller.” —Kirkus Reviews “As a philosophical novel, Checkpoint is very engaging. . . . Gun battles, explosions, and fights all appear after the first one hundred pages. . . . Checkpoint is about the nature of modern warfare and the various definitions of humanitarianism.” —New York Journal of Books

Salt On Your Tongue *Canongate Books*

'An ode to the ocean, and the generations of women drawn to the waves or left waiting on the shore' Guardian In Salt On Your Tongue, Charlotte Runcie explores what the sea means to us, and particularly what it has meant to women through the ages. In mesmerising prose, she explores how the sea has inspired, fascinated and terrified us, and how she herself fell in love with the deep blue. This book is a walk on the beach with Turner, with Shakespeare, with the Romantic Poets and shanty-singers. It's an ode to our oceans – to the sailors who brave their treacherous waters, to the women who lost their loved ones to the waves, to the creatures that dwell in their depths, to beachcombers, swimmers, seabirds and mermaids. Navigating through ancient Greek myths, poetry, shipwrecks and Scottish folktales, Salt On Your Tongue is about how the wild untameable waves can help us understand what it means to be human.

A Long Walk Home *Faber & Faber*

This is the story of how, over a period of one hundred and ninety-two days, I was torn away from the life I knew and loved, and dragged down to the depths of despair; of how I endured enforced isolation and near-starvation at the hands of Somali pirates; and of how I made a choice to survive by any and all means that I could muster. In September 2011 Judith Tebbutt and her husband David set out on an adventurous holiday to Kenya. A couple for thirty-three years, they had first met in Zambia: Africa had played a major part in their life together. After a joyous week on safari in the Masai Mara, they flew on to a beach resort forty kilometres south of Somalia. And there, in the early hours of 11 September, tragedy struck them. Judith was torn away from David by a band of armed pirates, dragged over sea and land to a village in the arid heart of lawless Somalia, and there held hostage in a squalid room, a ransom on her head. There, too, she learned the terrible truth that the responsibility of securing her release now rested with her son Ollie. But though she was isolated, intimidated and near-starved, Judith resolved to survive - walking endless circuits of her nine-foot prison, trying to make her captors see her as a human being, keeping her faith at all times in Ollie. Powerful, moving and at times quite devastating, this is Judith Tebbutt's story in her own words. It is a memoir of the life she shared with her beloved husband, an unflinching account of the ordeal that overturned her world, and a testament to the inner resilience and familial love that sustained her through captivity. There is nothing so bad in life as to have no hope - to believe you have been defeated, to give in to that. Now that I found myself in confinement, four thousand miles from home under a hostile sky, I would not accept that fate for myself.

Spanning thousands of years, The Morville Hours is also deeply personal, a journey through the seasons, but also one of self-exploration, of finding one's place in the world and putting down roots. The Morville Hours takes the form of the medieval Books of Hours, recalling the monastic past of the house. Each chapter is named after one of the Hours of the Divine Office, and summons vividly to life an hour of the day or night--from the crunch of grass underfoot at midnight on a frosty New Year's Eve to a perfumed May Day morning when the whole world seems sixteen again; from the enervating heat of a midsummer noon to the bloom of blue-black damsons picked on a golden September afternoon. Together, they describe the arc of the gardening year, and the arc of life.

The 12th Man *Simon and Schuster*

The book of heroism and survival that inspired the international film of the same name. “A must-read . . . intrigue, suspense, and adventure.” —The Norwegian American “I remember reading We Die Alone in 1970 and I could never forget it. Then when we went to Norway to do a docudrama, people told us again and again that certain parts were pure fiction. Since I was a Norwegian that was not good enough; I had to find the truth. I sincerely believe we did,” writes author Astrid Karlsen Scott. The 12th Man is the true story of Jan Baalsrud, whose struggle to escape the Gestapo and survive in Nazi-occupied Norway has inspired the titular movie. In late March 1943, in the midst of WWII, four Norwegian saboteurs arrived in northern Norway on a fishing cutter and set anchor in Toftefjord to establish a base for their operations. However, they were betrayed, and a German boat attacked the cutter, creating a battlefield and spiraling Jan Baalsrud into the adventure of his life. The only survivor and wounded, Baalsrud begins a perilous journey to freedom, swimming icy fjords, climbing snow-covered peaks, enduring snowstorms, and getting caught in a monstrous avalanche. Suffering from snow blindness and frostbite, more than sixty people of the Troms District risk their lives to help Baalsrud to freedom. Karlsen Scott and Haug meticulously researched this book for more than five years to bring forth the truth behind this captivating, edge-of-your-seat, real-life survival story. “A compelling story of courage and triumph against incredible odds, and set against the backdrop of the war that was to forever change the world.” —The Midwest Book Review

Hell's Angels *Penguin*

The true story of World War 2’s legendary Hell’s Angels—the 8th Air Force’s 303rd Bomb Group. Although the United States declared war against Germany in December 1941, a successful assault on Nazi-occupied Europe could not happen until Germany’s industrial and military might were crippled. The first target was the Luftwaffe—the most powerful and battle-hardened air force in the world. The United States Army Air Forces joined with Great Britain’s already-engaged Royal Air Force to launch a strategic air campaign that ultimately brought the Luftwaffe to its knees. One of the standout units of this campaign was the legendary 303rd Bomb Group—Hell’s Angels. This is the 303rd’s story, as told by the men who made it what it was. Taking their name from their B-17 of the same name, they became one of the most distinguished and important air combat units in history. The dramatic and terrible air battles they fought against Germany ultimately changed the course of the war. INCLUDES PHOTOS

Into the Abyss *Random House Canada*

On an icy night in October 1984, a Piper Navajo commuter plane carrying 9 passengers crashed in the remote wilderness of northern Alberta, killing 6 people. Four survived: the rookie pilot, a prominent politician, a cop, and the criminal he was escorting to face charges. Despite the poor weather, Erik Vogel, the 24-year-old pilot, was under intense pressure to fly--a situation not uncommon to pilots working for small airlines. Overworked and exhausted, he feared losing his job if he refused to fly. Larry Shaben, the author's father and Canada's first Muslim Cabinet Minister, was commuting home after a busy week at the Alberta Legislature. After Paul Archambault, a drifter

wanted on an outstanding warrant, boarded the plane, rookie Constable Scott Deschamps decided, against RCMP regulations, to remove his handcuffs--a decision that profoundly impacted the men's survival. As they fought through the night to stay alive, the dividing lines of power, wealth and status were erased and each man was forced to confront the precious and limited nature of his existence. The survivors forged unlikely friendships and through them found strength and courage to rebuild their lives. Into the Abyss is a powerful narrative that combines in-depth reporting with sympathy and grace to explore how a single, tragic event can upset our assumptions and become a catalyst for transformation.

Endurance *Basic Books*

Experience one of the greatest adventure stories of the modern age in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they

attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. With an introduction by Nathaniel Philbrick, Endurance is the definitive account of Ernest Shackleton's fateful trip. Alfred Lansing brilliantly narrates the gripping and miraculous voyage that has defined heroism for the modern age.

The Forgotten Highlander *Simon and Schuster*

Alistair Urquhart was a soldier in the Gordon Highlanders, captured by the Japanese in Singapore. Forced into manual labor as a POW, he survived 750 days in the jungle working as a slave on the notorious “Death Railway” and building the Bridge on the River Kwai. Subsequently, he moved to work on a Japanese “hellship,” his ship was torpedoed, and nearly everyone on board the ship died. Not Urquhart. After five days adrift on a raft in the South China Sea, he was rescued by a Japanese whaling ship. His luck would only get worse as he was taken to Japan and forced to work in a mine near Nagasaki. Two months later, he was just ten miles from ground zero when an atomic bomb was dropped on Nagasaki. In late August 1945, he was freed by the American Navy—a living skeleton—and had his first wash in three and a half years. This is the extraordinary story of a young man, conscripted at nineteen, who survived not just one, but three encounters with death, any of which should have probably killed him. Silent for over fifty years, this is Urquhart’s inspirational tale in his own words. It is as moving as any memoir and as exciting as any great war movie.
