The Historical and Institutional Context of Roman Law ...

Historical institutionalism is neither a particular theory nor a specific method. It is best understood as an approach to studying politics and social change. This approach is distinguished from other social science approaches by its attention to real-world empirical questions, its historical orientation and its attention to the ways in which institutions structure and shape behaviour and outcomes.

Historical Institutionalism gives much more importance to context, saying it can determine not only the particular shape of an institution, but also argues that we should take into consideration the values and possibilities provided by the context.

Historical Institutionalism Summary and Analysis

Historical institutionalism is a new institutionalist social science approach that emphasizes how timing, sequences and path dependence affect institutions, and shape social, political,

economic behavior and change. Unlike functionalist theories and some rational choice approaches, historical institutionalism tends to emphasize that many outcomes are possible, small events and flukes can have large consequences, actions are hard to reverse once they take place, and that outcomes may be ineffic
