Health and the New Media: Technologies Transforming ...
Public health campaigners are increasingly focussing on models of media engagement due to the considerable and growing amount of evidence that media campaigns can change population health behaviours. New forms of media (that is not just the ‘traditional’ press and television) can be used to reach large audiences quickly and relatively cheaply with and with repeated exposure to desirable public health messages.

Public Health and the (New) Media
medical encounter. New media facilitate this pre-, during, and post-visit continuum and present an opportunity to improve communica-tion by offering access, convenience, and consistency. But technological advancements also present new challenges such as the lack of standard-ized guidelines, problems of reimbursement, and legal and ethical ques-tions.
