Rome (Oxford Archaeological Guides) eBook: Claridge ...

An excellent source of information for the archaeological sites of Rome. While technically a work of scholarship, it also doubles as a useful guide for tourists of the Eternal City due to Claridge's clarity and reasonably non-technical language. You won't find mountains of technical terms in this book, but it still conveys a lot of information.

The guide starts with a very readable historical overview of the history of Rome. This is then followed by a section detailing the various documentary sources Roman archaeologists use to develop their interpretations, and then an extensive glossary that includes building types, building materials and building techniques – all quite necessary for anyone seeking a more sustained experience at the sites in Rome.
