Understanding The Politics Of Heritage

With its firmly interdisciplinary and global approach, Understanding the politics of heritage will be of interest not only to students of heritage studies, but also to students and professionals in the fields of archeology, art history, anthropology, sociology, history, human geography, religious studies, museum studies, cultural studies, natural heritage management, and leisure and tourism studies.

Understanding the Politics of Heritage (Understanding ...

Description. Written by an interdisciplinary team of scholars, this authoritative text presents an engaging narrative of the way politics features in heritage conservation and management. New international case studies illustrate how notions of identity, social class and nationhood may be woven into the provision of official heritage, and how heritage may be seen to be less about upholding truth or authenticity and more about delivering political objectives.
