In book three of this hysterical series, Klawde faces a challenger he never imagined: a dog, who has arrived on Earth to settle the intergalactic score. He's hyper, he's loyal, he's an all-around-good boy, and he's here to bring Klawde to justice. Can our ferocious feline evade the long paw of the law? Brighton Rock *Open Road Media*

A teenage sociopath rises to power in Britain’s criminal underworld in this “brilliant and uncompromising” thriller (The New York Times). Seventeen-year-old Pinkie Brown, raised amid the casual violence and corruption in the dire prewar Brighton slums, has left his final judgment in the hands of God. On the streets, impelled by his own twisted moral doctrine, he leads a motley pack of gangsters whose sleazy little rackets have most recently erupted in the murder of an informant. Pinkie’s attempts to cover their tracks have led him into the bed of a timid and lovestruck young waitress named Rose—his new wife, the key witness to his crimes, and, should she live long enough, his alibi. But loitering in the shadows is another woman, Ida Arnold—an avenging angel determined to do right by Pinkie’s latest victim. Adapted for film in both 1948 and 2010 and for the stage as both a drama and musical, and serving as an inspiration to such disparate artists as Morrissey, John Barry, and Queen, “this bleak, seething and anarchic novel still resonate[s]” (The Guardian).

Her grandson listens closely to Grandmamma's stories—but nothing can prepare him for the day he comes face-to-face with The Grand High Witch herself! Now a major motion picture!

Matilda’s World and the Real One

About Roald Dahl’s "Matilda" *GRIN Verlag*

Essay from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Dortmund (Anglistisches Institut), language: English, abstract: [...] Though children’s books not infrequently take on the subject of children suffering under their own weaknesses, the major difference between the world in these books and the real world is that in the latter they cannot define the rules, nor can they rule. In a fictional world, however, they can become heroes and masters of their own fate, or even, anything and anyone. Here children can become free in an existential sense of the word. In order to reach this freedom the child must cope with a number of different and quite difficult and dangerous tasks. But what sort of world is it actually? An aforementioned ersatz world, a parallel world or just a copy of the real world they are desperately striving to escape from? In any case, this fictitious worlds do not only include the “things in it” but quite frequently (comp. above mentioned Harry Potter, Huck Finn etc.), focus strongly on their protagonists, a fictional child that is in many ways like any other child save in one thing: he or she is capable of ‘doing things’ the others cannot, thus being enabled to change the status quo of things (or of the world). This status quo, i.e. conflicts children generally encounter, is depicted in ironic, quite often exaggerated ways that the child heroes have to face and overcome. Of course, in order to accomplish this, it takes an extraordinary child and it is no coincidence that many a ‘successful’ children’s book either carries its protagonist(s)’s name in the title or is actually named after them. As is Roald Dahl’s Matilda. As for the world Matilda lives in, it contains many elements of different

genres (such as fairy tales etc.) that I will pay my closer attention to, hoping to yield some information on what these worlds include and what makes them so attractive to children and approach to the fantasies and the fantasy world of children.
