Causes of uneven development. The Development Gap. ... The net result in many poorer countries is that they are forced to export only lower value raw materials such as agricultural goods, whilst they buy back more expensive manufactured goods or services. Poorer countries do not have the capital to set

these types of industries up.

Coolgeography - GCSE - Causes of uneven development

Today's world is a place of uneven development, unsustainable use of natural resources, worsening impact of climate change, and continued poverty and malnutrition. Poor food quality and diets are partly responsible for the increase of chronic diseases like obesity and heart disease. Agriculture is closely linked to these concerns, including the loss of biodiversity, global warming and water availability.

World development - Causes and consequences of uneven ...

Uneven Development is a process of development which is uneven in space and time. Unevenness is not an incidental outcome of development but is endemic to it and is to be explained neither by sole reference to the influence of factors external to the process of development nor by reference solely to the development process itself but by an examination of the relations between these influences.

What is Uneven Development?

Nigeria: Economy Still Experiencing Uneven Development. ... The potential that the economy offers are tremendous especially with our natural endowment in agriculture, solid minerals, oil and gas etc.

Nigeria: Economy Still Experiencing Uneven Development ...

Owing to uneven development and unbalanced resource endowments within China, ensuring reliable energy, water and food supply is a core challenge to regional socio-economic development. This study makes a first attempt to examine and compare demand-driven energy, water and arable land (E-W-L) resource outsourcings within China based on the latest multi-regional input-output model.
