Billing Guidelines for Ambulatory Surgery Centers

Modifier 74 Discontinued outpatient hospital/ambulatory surgery centers (ASC) procedure after administration of anesthesia is used when the procedure is terminated after anesthesia is

administered. Plans can pay from 25 percent to 65 percent of the allowable amount, based on the modifier and documentation of how much of the service was performed.

ASC Coding and Billing: Know What's Important - AAPC ...

For ambulatory surgery, code the diagnosis for which the surgery was performed. If the postoperative diagnosis is known to be different from the preoperative diagnosis at the time the diagnosis is confirmed, select the postoperative diagnosis for coding, since it is the most definitive. O. Routine outpatient prenatal visits See Section I.C.15.

Diagnostic Coding and Reporting Guidelines for Outpatient ...

One of the most common coding mistakes is coding based on a procedure's headings instead of the actual surgical report. Many ambulatory surgical centers and other freestanding outpatient facilities wisely wait for the complete surgeon's report rather than bill immediately for what were scheduled services, as sometimes fewer (or different) procedures are actually noted in the final report.

Ambulatory surgery center coding guidelines are complex, change often and are different than those for physicians; codes and modifiers that work for physicians are not always acceptable for ambulatory surgery centers. Coder turnover, vacations, and family leaves create cash flow peaks and valleys.

Ambulatory Surgery Coding Guidelines

Ambulatory typically means "the ability to walk" but in the context of surgery, it refers to patients who are able to leave the hospital the same day as the surgery, without being admitted to the hospital. Ambulatory surgery is referred to by other names, commonly called minimally invasive surgery, outpatient surgery or same-day surgery.

Ambulatory Surgery: How Same Day Surgery Is Different

This coding reference guide is intended to illustrate the common coding and payment for female pelvic health procedures and concomitant repairs. This guide is limited to female health procedures performed by physicians or performed in the ambulatory surgery center (ASC) site-of-service. A companion coding guide for hospitals is also available.
