It was a new paradigm at the time and continues to be the dominant model for all texts. Physics is the most realistic option for schools looking to teach a more demanding course. The entirety of Volume 2 of the 5th edition has been edited to clarify conceptual development in light of recent findings of physics education research. End-of-chapter problem sets are thoroughly over-hauled, new problems are added, outdated references are deleted, and new short-answer conceptual questions are added.

Solution Physics by Resnick Halliday Krane 5th-Ed-Vol-2-www A nice two volume set. apparently it is packaged in different forms, including as a single volume, and maybe as a simplified version too.

The classic two-volume set is what I have and know. More solved problems and their variations would be nice.
