Urban Planning And Design Criteria - wakati.co

The Urban Design Guidelines are intended to create a coordinated and consistent design review process and promote a more thoughtful and holistic approach to city building. As articulated by the City's Urban Design Element, design quality is not a luxury, but a core value. Good city building aims to enhance the human experience and our connection to the environment in which we live.

Urban planning, also known as regional planning, town planning, city planning, or rural planning, is a technical and political process that is focused on the

development and design of land use and the built environment, including air, water, and the infrastructure passing into and out of urban areas, such as transportation, communications, and distribution networks. Traditionally, urban planning followed a top-down approach in master planning the physical layout of human settlements. The primary
