Japan's Maritime Security Strategy: The Japan Coast Guard and Maritime Outlaws. Japan has long been characterised as a passive actor in international politics, reacting to rather than acting in the face of developments in the foreign and security political realms. Consequently, the majority of studies focus on the question of whether or not and how Japan 'normalises' whereby normalisation is understood as conforming to modern notions of statehood.

Although Japan's mercantile-based national strategy endured until the end of the Cold War, Tokyo faced a new strategic environment from China's naval expansion into the maritime domain gradually leading to the current territorial waters dispute as well as a growing naval imbalance between Japan and China. Japan's national strategy has remained consistent since the Cold War, but the only difference is the territorial dispute has propelled Japan to embrace military power—namely naval ...

How Maritime Realism Explains Japanese Security Policy

... Like other state actors with significant maritime interests, Japan seems to have one strategy and coordinated maritime policies to employ its coast guard and navy to maximum effect. In all, these considerations leave the door open for further research as to what is the balance between identity and operational requirements in the shaping of Japan's responses to maritime security.
