The 1980s were dubbed Latin America's "lost decade" after a debt crisis ravaged the continent's economies. New openness to capital and trade was then supposed to bring economic salvation in the 1990s — but few countries saw sustained development. What will the early part of the 21st century hold for Latin Americans?

Latin America has been affected negatively by globalisation because its governments will do most anything to raise the standard of living (not to mention their own GDP's). What most scholars such as Bouvier and her contemporaries discovered is that globalisation was not as malignant as its

detractors claimed.

A wave of democratization - which crested in the 1980s - ensued. Today,

most of the states in the region are democratic. Yet despite much congratulatory rhetoric, uncertainty over the deepening, consolidation and permanence of those new democracies persists as Latin America confronts the demands of globalization.
