A number bond uses lines to link a group of numbers together, showing how they are related. In the first drawing, the relationship between the numbers 3 and 10 is shown by adding the number 7 to the empty circle ($3 + 7 = 10$). This helps kids see how a single number can be broken down into smaller parts.

A popular criticism of the Common Core State Standards is the way that students are asked to solve math problems nowadays. Simple equations now require multiple steps to solve—equations that once only took seconds. Some claim that the new way is unnecessarily complicated and makes no sense. But hang on; there is a method to this madness.
