Research. Findings of the Modeling Workshop Project (pdf: 1994-2000) This

is one section in the Final Report submitted to the National Science Foundation in fall 2000 for the Teacher Enhancement grant entitled Modeling Instruction in High School Physics. David Hestenes, Professor of Physics at Arizona State University, was Principal Investigator.

Research - Modeling Instruction Program

Writing Workshop is a method of writing instruction that developed from the early work of Donald Graves, Donald Murray, and other teacher/researchers who found that coaching students to write for a variety of audiences and purposes was more effective than traditional writing instruction. This approach has been popularized by Lucy Calkins and others

involved in the Reading and Writing Project ...
