The Therapeutic Community Theory Model

Synopsis. This volume provides a comprehensive review of the essentials of the Therapeutic Community (TC) theory and its practical "whole person" approach to the treatment of substance abuse disorders and related problems. Part 1 outlines the perspective of the traditional views of the substance abuse disorder, the substance abuser, and the basic components of this approach.

The Therapeutic Community: Theory, Model and Method ...

There are various theoretical models on which the clinical practice is based, drawing on systemic, psychodynamic, group analytic, cognitive-behavioural and humanistic traditions. The original therapeutic community model at Henderson Hospital was extensively researched in the 1950s using anthropological methods and four predominant ‘themes’ were identified: democratisation, permissiveness, reality confrontation, and communalism.

What is the theory behind it? - Therapeutic Communities

The author presents the background for the model and how the theory was formulated. The model deals with people at both an individual and community level, with particular emphasis on the interaction of the individual and the community. Therapeutic community methods are designed to impact with individuals and the general community in specific ways. The author describes the process of change inherent in the therapeutic community. The author concludes by describing methods of changing the ...

The Therapeutic Community: Theory, Model, and Method eBook ...

Therapeutic community is a participative, group-based approach to long-term mental illness, personality disorders and drug addiction. The approach was usually residential, with the clients and therapists living together, but increasingly residential units have been superseded by day units. It is based on milieu therapy principles, and includes group psychotherapy as well as practical activities.

The Therapeutic Community: Theory, Model, and Method ...

According to therapeutic community (TC) theory, substance use disorders (SUDs) often erode social functioning, education/vocational skills, and positive community and family ties. Thus, recovery involves rehabilitation—relearning or re-establishing healthy functioning, skills, and values as well as regaining physical and emotional health. Some TC participants have experienced highly disordered lives and may never have acquired functional ways of living.

The Therapeutic Community - Springer Publishing

The ‘pure model’ of the therapeutic community follows the notion that all members of the community can provide as well as receive in therapeutic exchanges, and indeed that it is the community itself which is therapeutic, rather than that it being primarily only the adult carers who engage in the therapeutic task in a community or group setting.
