The Female Figure In Contemporary

Examining the female figure in these contemporary fictions, it looks at the ways in which authors intervene in the historical process to present these women, real and imagined. It asks how these representations are influenced by contemporary gender politics and whether they can be seen as part of a wider feminist project to recover women's history.

THE FEMALE NUDE: ART, OBSCENITY, AND SEXUALITY; Lynda Nead's The Female Nude: Art, Obscenity, and Sexuality seeks to find why the female nude has become an icon of Western culture. The prevalence of images of the female body in the history of Western art has begun to tie the female nude to an 'art' connotation, even in modern art.

Women in Art History | Guided History

For centuries depictions of the human figure were prized more highly than those of still-life, animals or landscape, and from the Renaissance onward anatomy became a staple of the artist's training. The human figure in art carries, in different ways and through different periods, a huge significance, being the most direct means by which art can address the human condition.
