Centralisation Devolution And The Future

English local government is in a state of decline after 40 years of
 incremental but cumulative centralisation by central government.
 This book is the first to directly address this trend's impact upon

the institution of local government, a crucial element in the
 democratic viability of a unitary state. The process of
 centralisation, and its corrosive effect on the status and
 responsibilities of local government, have been widely recognised
 and deplored among politicians and senior officers ...

The United Kingdom is a good example of this: while not formally a federation, it has acquired, post-devolution, many of the traits of a federal system. One way of going beyond formal constitutional orders is to think in terms of de/centralisation, i.e. the distribution of powers between central, regional, and local governments.
