Bylines in Newspapers and Other Publications. Bylines on paper usually appear after the headline or subhead of an article but before the dateline or body copy. It's almost always prefaced by the word "by" or some other wording that indicates that the piece of information is the name of the author. [tacojim/Getty Images](#).

What Is an Article Byline?

A bylined article is one of the most effective tools available for establishing credibility with a target audience because it showcases you as a thought leader in your field. And in doing so, the...

PR Strategies: Writing Bylined Articles - Entrepreneur.com

More art than science, line editing ensures that the sentences in a book or article are as effective as they can be. A line editor is attentive to the writer's individual style (for that reason, the job is sometimes called stylistic editing) and approaches the manuscript as a careful reader.

What Is Line Editing? Line Editing vs. Copy Editing - 2020

...

Publication is a collection of articles by different authors; Publication is intended to be published indefinitely; In making this determination, NLM also takes into account the form and structure of individual units (i.e., articles) and published collections of articles (e.g., volumes) within the publication.

A byline is just a line giving the name of the reporter or writer of the news story. This is a byline:— This is another byline in in-text style (often used in British newspapers for small stories or updates):— * “Police hunting for the killer of a...

What is an example of a byline in journalism? - Quora

Other ways to select text To select a single word, quickly double-click that word. To select a line of text, place your cursor at the start of the line, and press Shift + down arrow. To select a paragraph, place your cursor at the start of the paragraph, and press Ctrl + Shift + down arrow.

Select text - Word

Line is the path created when an object moves from one point to another. In the visual arts, lines are made when you draw or paint marks on a paper, canvas, or when materials such as wood, glass and metal are bent or shaped. Lines are also made by photographers or filmmakers when they choose how to angle their cameras or compose their shots.
