Seeing Central Park

The Official Guide Updated and Expanded *Abrams*

An authoritative visual survey of New York City's Central Park, with new photography and updated text For more than 160 years, Central Park has been the centerpiece of New York City, with more than 42 million visits each year. In *Seeing Central Park*, Sara Cedar Miller takes readers through America's most popular and celebrated park, where natural and manmade features are interwoven into a spectacular work of art. Combining superb research and writing with breathtaking photographs, *Seeing Central Park* is not only a guide through every significant design feature but also a gorgeous gift book. Since the book was first published in 2009, the Conservancy has completed a number of renovations and opened new areas of the park, including the Hallett Nature Sanctuary, Rhododendron Mile, and Dene Slope. This updated edition features these landmarks alongside revised entries and new photography throughout. With its pastoral and picturesque landscapes, roads and paths, bridges, buildings, structures, and sculpture, Central Park is a living museum of superb Victorian decorative arts and landscape design. From the Pond to Harlem Meer, it's all covered in *Seeing Central Park*.

Doctor Who: How to be a Time Lord - The Official Guide *Penguin UK*

This ancient Time Lord manual has been kicking around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

Star Trek the Official Guide to Our Universe

The True Science Behind the Starship Voyages *National Geographic Books*

"While starship captains have been exploring the final frontiers of the Star Trek universe, this book takes you for the first time to the edge of our real galaxy and beyond. Stunningly illustrated with hundreds of full-color, futuristic star charts, illustrations and astronomical photos, explore the real-life deep space destinations as seen on television and film screens. Over its 50-year history, Star Trek has treated generations of viewers to a dazzling assortment of unforgettable images of the cosmos. Multiple star systems, alien worlds, supernova explosions, emission nebulae, and, of course, voracious black holes, just to name a few. Star Trek- The Official Guide to Our Universe introduces you to the astronomy of Star Trek and takes you on a voyage of discovery, examining the true astronomical counterparts that can be found in the night sky. From Altair to Vega and from red giants to white dwarfs, readers can visit over 50 real celestial objects visible in the night sky, as known to the Starfleet Academy. No warp driven starship or even a telescope required to go on these voyages, as most destinations are bright enough to be seen just with the naked eye. This guide is for anyone ready to launch their own mission into space—the final frontier. Your personal voyage to explore strange new worlds begins here."
