Reputation Risk As A Board

Worse, companies are now being held accountable for everything

that happens in their global supply chain; even for the questionable business practices of an obscure third- or fourth-tier supplier in a distant land. In this challenging and volatile business environment, reputation risk has become the number one strategic business risk †. And such, it is now an issue boards must actively monitor and oversee as part of their overall responsibility for corporate governance.

Reputation risk as a board concern | Deloitte | Governance

...

Reputation risk can be sudden, swift and material, and as such needs to be prepared for and handled at the highest levels of an organisation including the board. Figure 3 from The Reputation Risk Handbook illustrates where reputation risk resides within the universe of risks – it is strategic, potentially cuts across, or can be related to, any other kind of core, standalone risk.

Reputation Risk Is A Strategic Risk: What Are Your Board

...

Since reputational risk carries such a high level of concern for board directors and senior-level executives, it makes sense that boards should give reputational risk a high priority. The main reason that many boards overlook incorporating reputational risk strategies into their overall risk strategy is because they get used to focusing on operations.

Understanding What Reputational Risk Is | BoardEffect

Boards and business executives have traditionally viewed reputation risk as an outcome, the result of other risks related to

core business issues, such as fraud, bribery, cybercrime, and product safety.

Reputation Risk As A Board Concern - Deloitte United States

Reputational risk has traditionally been seen as an outcome of other risks and not necessarily a standalone risk. This view has been gradually changing because it is increasingly clear that reputation is critical to the viability of a company. Management not doing enough to protect from reputational risk

Reputational risk: why companies have to take it seriously

Reputation risk is...a major preoccupation for most boards who are looking for reassurance that reputation risk is being managed systematically, and with the same rigour and frameworks, as every other risk.

Reputation risk: an opportunity for corporate affairs | alva

Enterprise risk management is the process of minimizing the costs and damage of strategic risk. Board directors and C-suites understand strategic risk because it's specific, measurable and predictable, therefore it is controllable. Reputation risk, on the other hand, is largely unpredictable. In fact, it can even be tied to events that aren't your company's fault.

What is Reputational Risk? Defining and Managing ...

Reputation risk management is inextricably linked to the company's risk management and crisis management disciplines, as well as to the alignment of strategy and culture with the

enterprise's commitment to quality and operational excellence.
