Solved: HP Solution Center Stopped Working With Windows 10 ...

It took a bit of fixing but Tony was able to find the solution and I wanted to pass on what I learned during this process about problems with installing the HP Solution Center software. My problem turned out to be 2 things: a corrupt DotNet Framework install AND I also learned it's better to install all the software for your printer incrementally, each bit of software in the installer package, being installed one at a time instead of using the default method in the installer that installs it ...
