Living in the Heart *Light Technology Publishing*

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

The Ancient Secret of the Flower of Life, Volume 1 *Light Technology Publishing*

Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.

Waking Up in 5D

A Practical Guide to Multidimensional Transformation *Simon and Schuster*

Tools and teachings to guide you in the transition from the polarized mindset of the 3rd dimension to the joy and love of 5th dimensional vibrations • Explains how to recognize the 5D experiences you've already had, identify the differences between 3D linear thinking and 5D multidimensional thinking, and turn 3D viewpoints around to expand your perception of what is possible • Includes exercises to protect your energies, especially while sleeping, and Sacred Geometry meditations to open yourself to higher frequencies • Reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force We are all transitioning from the narrowly-focused and polarized awareness of the Third Dimension and waking up to the higher vibrations and abilities of the Fifth Dimension. Each of us has already experienced 5D: Think about your most memorable and uplifting experiences of the recent past--where everything went well, interactions were harmonious and loving, and all felt blissful and happy--that's 5D. For some, the shift is sudden and permanent, but for many of us, the change is gradual, coming in fleeting moments and waves. In this ascension manual, spiritual teacher Maureen J. St. Germain explains how to shift your

energetic patterns and choose to permanently anchor yourself in the joy, love, and kindness of 5D. Guiding you through the opportunities the Fifth Dimension has to offer, the author reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force. She shows how 5D relates to 3D as well as to 4D, the transitional dimension between the two, and explains how to read the energy patterns that distinguish one dimension from the next as well as how to experience multiple dimensions simultaneously. She explores how to identify the differences between “good vs. evil” polarized 3D linear thinking and dynamic 5D multidimensional thinking and how to turn 3D viewpoints around to expand your perception of what is possible. Offering eye-opening stories of 5D experiences from students and inspiring information from her spirit guides, the author also details exercises to protect your energies, especially while sleeping, and provides Sacred Geometry meditations to activate your 8th chakra and open yourself to higher frequencies. She also explores how awakening to 5D allows you to form a strong bond to global consciousness, so your personal transformations will have a more profound impact on the people in your circle, and beyond.

MADAME BOVARY

Psychological Novel from the prolific French writer, known for Salammbô, Sentimental Education, Bouvard et Pécuchet, Three Tales, November *e-artnow*

Madame Bovary is the French writer Gustave Flaubert's debut novel. The story focuses on a doctor's wife, Emma Bovary, who has adulterous affairs and lives beyond her means in order to escape the banalities and emptiness of provincial life. Though the basic plot is rather simple, even archetypal, the novel's true art lies in its details and hidden patterns. Flaubert was a notorious perfectionist and claimed always to be searching for le mot juste ("the precise word"). Madame Bovary takes place in provincial northern France, near the town of Rouen in Normandy. The story begins and ends with Charles Bovary, a stolid, kindhearted man without much ability or ambition. Gustave Flaubert (1821-1880) was an influential French writer who was perhaps the leading exponent of literary realism of his country. The celebrated short story writer Maupassant was a protégé of Flaubert.

Beyond the Fabric of Existence *Createspace Independent Publishing Platform*

There have been several scientific books and lecture papers written on the subject of our holographic universe but none have gone far enough as to expand peoples thinking and explain the true nature of reality. Music is a natural consequence of the pure mathematics within nature. Music is a true universal language as Music is vibrational physics and mathematics that is a language understood by the human mind. The silent music of the universe or Aether Physics from the RG Veda is the only ONE science that explains the true perfection of creation and our connection to the holographic universe.Quantum Metrics are from the RG Veda: Quantum Physicist already knowing the answer as they have taken it the RG Veda then creates complicated elongated mathematical equations to derive at their Metric, which they name after themselves. I explain how to calculate all 90 metrics contained in RG Veda using a dividend and divisor and how to apply this system of harmony to devices you can manufacture such as electric motors. I would not dare name any of the yet “undiscovered” Metrics after myself, as no man should claim Gods work as his own.Although I have examples of the RG Vedas and other sources mentioning the Vedic Meter no one to my knowledge as given a full interpretation of them and what they relate to as I have done. I have deciphered and attempted to simplify one of the most ancient of mysteries and show how to apply it. My intention in releasing this information is to enlighten humanity as to assist in the rebuilding of the foundations of science for the advancement of all. We all must aspire to a brighter future and not allow this information to remain the industrial secret of occult societies.These societies have handicapped humanity for long enough and it is time to enter into the light from the darkness and advance our civilization. The zenith is the point in the sky or celestial sphere directly above an observer. God, sees all life in all dimensions and knows all of us, we should all strive for Krsna Consciousness and free ourselves from the illusion of our material world. When there is harmony between the mind, heart and resolution then nothing is impossible.

The real me had left long ago and the figure that I saw before me was just a shell that protects me until I could be found again. Alongside these stories, you will also hear The Story retold as it relates directly to the needs of these eight and, likewise, to those in your own life.

Meandering Melodies

Out of the Fast Lane *CreateSpace*

Meandering Melodies will take you back to the 60's, 70's, and 80's and share what it was like to be a part of a neighborhood in Carroll County located in Delphi, Indiana, that had lots of children, a simple way of life, what we did for fun and what it was like to be part of a “Plain People” growing up among other “Plain People.” Meandering Melodies will also share what life is like among the “Plain People” today in 2013 in Carroll County.Expect to be delighted, thrilled, and encouraged as we not only take a walk down memory lane together but also explore living life “out of the fast lane” in today's world. Experiences that will at times make you laugh and cry as we learn together how simple joys of yesterday and simple joys of today can create a symphony that lasts a lifetime! Most of us can remember a time when life was not so busy. A simpler time when we enjoyed a visit with a neighbor or a walk in the park. . . A time when we had no concern about being a certain place at a certain time doing certain things... A time when fast food was not really all that fast and the computer age had barely begun. . . A time when life was busy but did not seem hectic or fast-paced. . . Sometimes we even look back with nostalgic longing and wish to return to times like this. Times when we'd like to get “out of the fast lane..” Today finds many people living life in the fast lane where life is in constant motion and meticulous plans are made to ensure their success in the modern world. There is always some place to go and people to meet. Yet they are intrigued by certain lifestyles and fascinated by those who seem to manage living a simple life “out of the fast lane.”In the past few years many books have been written and movies made showcasing the Amish, Mennonites, and other Plain People and their simple lifestyles.People wonder about the differences. People wonder what their lifestyle is really like. People wonder what it is like to be a part of a plain church and plain people. They have all sorts of questions about what it is like not to have cars, or telephones, or electricity. They wonder why they dress the way they do and do the things they do. They wonder how people can live like this?!! It seems to them that life is lived “out of the fast lane” among Plain People. Or is this only an illusion? I grew up among Plain People on a farm in Carroll County nestled between two hills. Bachelor Run flowed merrily through our farm forming the southern boundary of our property. Folks called the road at the top of the south hill the Crooked Road. It went straight for several miles out of Delphi, then made a sharp curve, and after several more curves, you ended up in Flora. Our house was in the valley below this first curve. This first curve was a notorious place for wrecks; which I shall write more about later!My Dad built our house against the bank of the north hill. At the very top of the north hill was a very old cemetery called the Nettle Cemetery. I don't recall anyone ever being buried there. I also don't recall ever playing there. I do remember mowing the grass along the fence that separated our property. One of my favorite spots, my very own idyllic hide-a-way, was close to this fence. I went there often to think and write and lay in the grass on beautiful summer days.Most of our neighbors were members of what we called the Horse-and-Buggy Church. Their official name was Old Brethren German Baptist. They used to be a part of our fellowship before they split off from the Old German Baptist Brethren in 1921 as a result of differences about cars, electricity, and telephones.When was the last time you experienced life “out of the fast lane?”

Proof of God Within & Beyond Science *Notion Press*

While extending a strong challenge to the superstition of atheism, the principal aim of this book is to demonstrate the fact that the major scientific discoveries that have been made so far, distinctively and expressly reveal the existence of an intelligent and omnipotent Designer who has thoughtfully and intentionally instituted all universal laws with stark precision and accuracy. In this discussion I have also emphasized the incapability of science to stand alone as a final deciding instrument on matters that extend beyond the natural realm. Hence no proof of the Divine Existence can be established by reference to science alone, but through logical reasoning based on obvious and explicit facts. I have also highlighted the reality that most scientific phenomena cannot be explained without recourse to the role of a Supernatural Power.
