Anatomical Pathology Technologists provide assistance to pathologists in conducting post mortems which aim to identify and understand the cause of death. They are also responsible for the respectful reception and accommodation of the deceased and preparing bodies for viewing by relatives.

Pathology - porthosp.nhs.uk

To train as an anatomical pathology technician, you would normally need five GCSEs (A-C) including English, maths and a science (preferably biology). Specific anatomical pathology training is undertaken in the workplace, so the Level 3 and 4 diplomas are only suitable for people already in employment as a trainee anatomical pathology technician.
