### **Second Wind**

The Second Wind is a private psychotherapy practice founded by John Bliss LCSW CASAC and Marcia Poston LCSW CASAC in 1988. The practice began as a clinic providing therapy to people who are struggling with issues that often evidence themselves somatically.

### **The Second Wind**

Second wind is a phenomenon in distance running, such as marathons or road running (as well as other sports), whereby an athlete who is out of breath and too tired to continue suddenly finds the strength to press on at top performance with less exertion. The feeling may be similar to that of a "runner's high", the most obvious difference being that the runner's high occurs after the race is over.
