Purchasers can download and print several practical tools.

ADHD in Adults

What the Science Says *Guilford Press*

Providing a new perspective on ADHD in adults, this compelling book analyzes findings from two major studies directed by leading authority Russell A. Barkley. Groundbreaking information is presented on the significant impairments produced by the disorder across major functional domains and life activities, including educational outcomes, work, relationships, health behaviors, and mental health. Thoughtfully considering the treatment implications of these findings, the book also demonstrates that existing diagnostic criteria do not accurately reflect the way ADHD is experienced by adults, and points the way toward developing better criteria that center on executive function deficits. Accessible tables, figures, and sidebars encapsulate the study results and methods.

Taking Charge of ADHD

The Complete, Authoritative Guide for Parents *Guilford Press*

Provides a step-by-step plan for ADHD diagnosis and treatment, behavior management, strategies for helping children succeed at school and in social situations, and information on advances in research.

Executive Functions

What They Are, How They Work, and Why They Evolved *Guilford Press*

This groundbreaking book offers a comprehensive theory of executive functioning (EF) with important clinical implications. Synthesizing cutting-edge neuropsychological and evolutionary research, Russell A. Barkley presents a model of EF that is rooted in meaningful activities of daily life. He describes how abilities such as emotion regulation, self-motivation, planning, and working memory enable people to pursue both personal and collective goals that are critical to survival. Key stages of EF development are identified and the far-reaching individual and social costs of EF deficits detailed. Barkley explains specific ways that his model may support much-needed advances in assessment and treatment. See also Barkley's empirically based, ecologically valid assessment tools: Barkley Deficits in Executive Functioning Scale (BDEFS for Adults) and Barkley Deficits in Executive Functioning Scale--Children and Adolescents (BDEFS-CA).

ADHD and the Nature of Self-control *Guilford Press*

Renowned authority Russell Barkley provides a radical shift of perspective on ADHD. He argues that the disorder is not at root attentional, but rather a developmental problem of self-control. Offering new directions for thinking about and working with those with ADHD, this model has far-reaching implications for clinical practice.

Taking Care of ADHD

Includes information about ADHD (Attention Deficit Hyperactivity Disorder), evaluation and diagnosis of child, behaviour management and coping strategies for parents, discussion of medications for ADHD.

Mastering Your Adult ADHD

A Cognitive-Behavioral Treatment Program, Client

Workbook *Oxford University Press*

Attention Deficit/Hyperactivity Disorder (ADHD) in adulthood is a prevalent and impairing disorder. While medications have been effective in treating adult ADHD, the majority of individuals treated with medications still have symptoms that require additional skills and symptom management strategies. This Second Edition of Mastering Your Adult ADHD is thoroughly updated to present the most current, empirically supported treatment strategies in cognitive behavioral therapy (CBT) for coping with symptoms of adult ADHD. The Therapist Guide provides clinicians with effective means of teaching adult clients skills that have been scientifically tested and shown to help them cope with ADHD. The program has been updated to include the optional use of technology and smart phones to improve organization and planning. Core modules cover the development of systems for keeping track of appointments and tasks, reducing distractibility, and improving adaptive thinking skills, and there's an optional module on reducing procrastination. Information is also provided regarding holding an informational meeting with a spouse, partner, or family member. The step-by-step, session-by-session descriptions are a practical resource for therapists who deliver the treatment. The companion Client Workbook contains all of the necessary information for participating in the practical CBT intervention. It includes worksheets, forms, and a link to an assessment measure that can be used to gauge progress during treatment.

12 Principles for Raising a Child with ADHD *Guilford Publications*

"From his decades of research and work with thousands of families, leading authority Russell A. Barkley knows how overwhelming the everyday challenges of ADHD can be. This unique book guides parents to help their child or teen thrive and keep their loving connection strong, even in hot-button situations. Dr. Barkley presents 12 key parenting principles that address the most common problems that ADHD poses, such as family conflicts, difficult behavior, school problems, out-of-control emotions, and parental stress. He shows how cultivating a mindset of acceptance and compassion--together with an understanding of the executive function deficits of ADHD--gives parents powerful new tools for supporting their child's success. Concise, inspiring, and filled with quick-reference lists and tips, this is the perfect book for parents to read cover to cover or pick up any time they need extra support"--

When an Adult You Love Has ADHD

Professional Advice for Parents, Partners, and Siblings *American Psychological Association (APA)*

Scattered Minds

Hope and Help for Adults with Attention Deficit Hyperactivity Disorder *Penguin*

A practical, authoritative book on an increasingly talked-about condition that affects more than 8 million American adults. Dr. Lenard Adler, director of the Adult ADHD Program at New York University School of Medicine, presents the latest findings on Attention Deficit Hyperactivity Disorder. In Scattered Minds, he reveals hidden warning signs, debunks common misconceptions, and offers information on obtaining an accurate diagnosis, along with treatment options that include cutting-edge medications and proven coping strategies. Includes a screening quiz.

Thriving with Adult ADHD

Skills to Strengthen Executive Functioning *Althea Press*

Focus, organization, stress management, and more--these qualities are gained and improved by strengthening executive functioning and core skills. Thriving with Adult ADHD offers a toolbox of practical, evidence-based exercises to build this mental skill set and take control of ADHD. From managing common distractions at work to regulating emotions with family and friends, these proven-effective strategies target symptoms that impact your home, work, and personal life. Applied through a series of exercises and assessments, Thriving with Adult ADHD is an actionable, results-oriented approach to achieving real, sustainable life changes.--

Cognitive-Behavioral Therapy for Adult ADHD**Targeting Executive Dysfunction** *Guilford Publications*

This highly practical book provides evidence-based strategies for helping adults with ADHD build essential skills for time management, organization, planning, and coping. Each of the 12 group sessions--which can also be adapted for individual therapy--is reviewed in step-by-step detail. Handy features include quick-reference Leader Notes for therapists, engaging in-session exercises, and reproducible take-home notes and homework assignments. The paperback edition includes the adult ADHD criteria from DSM-5. The treatment program presented in this book received the Innovative Program of the Year Award from CHADD (Children and Adults with ADHD).

The Adult ADHD Tool Kit**Using CBT to Facilitate Coping Inside and Out** *Routledge*

A central source of frustration for most adults with ADHD is that they know what they need to do but they have difficulties turning their intentions into actions. These difficulties also interfere with their ability to use self-help books and to get the most out of psychosocial treatments that provide coping strategies that promise to improve their functioning. Drs. Ramsay and Rostain are experts in the assessment and treatment of adult ADHD and are leaders in the development of effective psychosocial treatments for this group of patients. Their newest book, The Adult ADHD Tool Kit: Using CBT to Facilitate Coping Inside and Out is a coping guide for adults living with ADHD, one that does not just present useful coping strategies but also provides specific tactics designed to help readers implement these skills in their daily lives and brings them to life in a user-friendly format. The authors discuss many different settings in which ADHD may cause difficulties, including work, school, matters of physical health and well-being, and the issue of excessive use of technology. Although written for consumers, clinicians will find the book to be a clinically useful tool for their adult patients with ADHD, serving as a companion to the newly updated and expanded second edition of Drs. Ramsay and Rostain's professional treatment manual, Cognitive-Behavioral Therapy for Adult ADHD: An Integrative Psychosocial and Medical Approach.

The Mindfulness Prescription for Adult ADHD**An 8-Step Program for Strengthening Attention, Managing Emotions, and Achieving Your Goals** *Shambhala Publications*

Do you: Have trouble paying attention and staying on task? Suffer from disorganization, procrastination, or forgetfulness? Have difficulty with restlessness or trouble managing strong feelings such as anger and frustration? Struggle with self-doubt and difficulty following through? In a way that causes problems in your relationships or your work? If so, you may have Attention

Deficit Hyperactivity Disorder (ADHD)—like an estimated 8 million adults in this country. Physician-researcher Dr. Lidia Zylowska has created an 8-step program for using mindfulness practice (attention and awareness training) to overcome the symptoms of ADHD. The program includes practices such as sitting meditation, body awareness, thoughtful speaking and listening, development of self-acceptance, mindful self-coaching, cultivation of a balanced view of thoughts and emotions, and more. Dr. Zylowska educates readers about ADHD, helping them to understand how their ADHD brain works and how they can use mindful awareness to work with their challenges. She also explains how the mindful approach can be combined with other treatments, including medications, to boost self-improvement. This book is accompanied by an audio program of guided mindfulness exercises for successfully managing ADHD. The introduction to the book, titled "Dear Reader," includes a link to the free downloadable audio files.

Adult ADHD-Focused Couple Therapy**Clinical Interventions** *Routledge*

Since ADHD became a well-known condition, decades ago, much of the research and clinical discourse has focused on youth. In recent years, attention has expanded to the realm of adult ADHD and the havoc it can wreak on many aspects of adult life, including driving safety, financial management, education and employment, and interpersonal difficulties. Adult ADHD-Focused Couple Therapy breaks new ground in explaining and suggesting approaches for treating the range of challenges that ADHD can create within a most important and delicate relationship: the intimate couple. With the help of contributors who are experts in their specialties, Pera and Robin provide the clinician with a step-by-step, nuts-and-bolts approach to help couples enhance their relationship and improve domestic cooperation. This comprehensive guide includes psychoeducation, medication guidelines, cognitive interventions, co-parenting techniques, habit change and communication strategies, and ADHD-specific clinical suggestions around sexuality, money, and cyber-addictions. More than twenty detailed case studies provide real-life examples of ways to implement the interventions.

Smart But Stuck**Emotions in Teens and Adults with ADHD** *John Wiley & Sons*

Compelling stories that present a new view of ADHD Smart but Stuck offers 15 true and compelling stories about intelligent, capable teens and adults who have gotten "stuck" at school, work, and/or in social relationships because of their ADHD. Dr. Brown highlights the often unrecognized role that emotions play in this complex disorder. He explains why even very bright people with ADHD get stuck because they can focus well on some tasks that interest them, but often can't focus adequately on other important tasks and relationships. The first book to explain and illustrate the crucial role of emotions in the daily functioning of those living with ADHD Brown, Associate Director of the Yale Clinic for Attention & Related Disorders, is an internationally known authority on ADHD Drawing on the latest research findings, the book describes strategies and treatments for getting "unstuck" to move on to a more rewarding and productive life.

A Radical Guide for Women with ADHD**Embrace Neurodiversity, Live Boldly, and Break Through Barriers** *New Harbinger Publications*

Live boldly as a woman with ADHD! This radical guide will show

you how to cultivate your individual strengths, honor your neurodiversity, and learn to communicate with confidence and clarity. If you are a woman with attention deficit/hyperactivity disorder (ADHD), you've probably known—all your life—that you're different. As girls, we learn which behaviors, thinking, learning, and working styles are preferred, which are accepted and tolerated, and which are frowned upon. These preferences are communicated in innumerable ways—from media and books to our first-grade classroom to conversations with our classmates and parents. Over the course of a lifetime, women with ADHD learn through various channels that the way they think, work, speak, relate, and act does not match up with the preferred way of being in the world. In short, they learn that difference is bad. And, since these women know that they are different, they learn that they are bad. It's time for a change. *A Radical Guide for Women with ADHD* is the first guided workbook for women with ADHD designed to break the cycle of negative self-talk and shame-based narratives that stem from the common and limiting belief that brain differences are character flaws. In this unique guide, you'll find a groundbreaking approach that blends traditional ADHD treatment with contemporary treatment methods, such as acceptance and commitment therapy (ACT), to help you untangle yourself from the beliefs that have kept you from reaching your potential in life. If you're ready to develop a strong, bold, and confident sense of self, embrace your unique brain-based differences, and cultivate your individual strengths, this step-by-step workbook will help guide the way.

ADD-Friendly Ways to Organize Your Life

Strategies that Work from a Professional Organizer and a Renowned ADD Clinician *Routledge*

Over 100,000 Copies Sold! Organizing books fall short of addressing the unique needs of adults with ADD. They fail to understand the clinical picture of ADD and how it impacts the organizing process often making their advice irrelevant or frustrating when put into application. Books about ADD may address organization/disorganization but do so in a cursory fashion and on a very small scale in what are usually long books on the subject. This is a book that has ADD-Friendly advice with the ADDer in mind. This collaboration brings forth the best underlying understanding with the most effective and practical remedy from ADD experts in two important fields -- professional organization and clinical psychology. Finally, it offers organizing advice that ranges from self-help to utilizing the help of non-professionals, to using professional assistance. Thus it permits the reader to decide where they are at personally in the organizing process, and what level of support will be most beneficial to their unique situation.

ADHD in Adults

A Psychological Guide to Practice *John Wiley & Sons*

"This volume is a ground-breaking first step in standardizing the psychosocial treatment of adults with ADHD." - Dr Sam Goldstein, University of Utah "I think it is a uniquely valuable guide to how psychological thinking and treatment can be helpful to adults with ADHD - I recommend it to all professionals taking on this work." - Professor Eric Taylor, Head of Department of Child and Adolescent Psychiatry, King's College London Institute of Psychiatry "What emerges from this perspective is clinical wisdom. I could see and feel both the patient and the therapy." - Margaret Weiss, Director of research, ADHD Clinic, Children's and Women's Health Centre, Canada There is increasing recognition of the prevalence of ADHD in adulthood, which is estimated to be

around one percent in the general population. These people have often experienced lifelong underachievement; they feel misunderstood and have not received the help they need. Reflecting the growing awareness of this problem, *ADHD in Adults* provides a comprehensive account of the presentation of adulthood ADHD, its assessment and treatment. Written by experienced practitioners in the field, the book introduces a cognitive behavioural model of ADHD from which the authors developed the Young-Bramham Programme. This is a unique, modular framework for assessing and treating people with adulthood ADHD and associated problems using practical intervention techniques. The book is accompanied by the Young-Bramham Programme Companion Website, www.wiley.com/go/adhdadults that provides downloadable materials for use by clients and therapists. *ADHD in Adults* is invaluable reading for clinicians working with adult ADHD clients in many different settings including primary care, adult mental health, learning disability, forensic, neuropsychiatry and neuropsychology. It will also be a useful self-help resource for ADHD clients, friends, family and supporters.

Taking Charge of Adult ADHD, Second Edition

Proven Strategies to Succeed at Work, at Home, and in Relationships *Guilford Publications*

If you're among the millions of adults with attention-deficit/hyperactivity disorder (ADHD), you need the latest facts about the disorder and its treatment. You need practical strategies to help develop your strengths and achieve your goals, whether on the job, in family relationships, or in personal pursuits. From renowned ADHD researcher/clinician Russell A. Barkley, this is the book for you. Dr. Barkley takes you through the process of seeking professional help, addresses frequently asked questions about medications and other treatments, and offers a wealth of advice and tips—all science-based. Featuring the latest resources and medication facts, the revised and updated second edition includes new or expanded discussions of mindfulness, emotional self-control, time management, building a successful career, maintaining a healthy lifestyle, and more. Finally, an authoritative one-stop resource to help you take back your life from ADHD.

Duct Tape Parenting

A Less Is More Approach to Raising Respectful, Responsible, and Resilient Kids *Bibliomotion, Inc.*

There's a new set of 3Rs for our kids—respect, responsibility, and resilience—to better prepare them for life in the real world. Once developed, these skills let kids take charge, and let parents step back, to the benefit of all. Casting hover mothers and helicopter parents aside, Vicki Hoefle encourages a different, counter-intuitive—yet much more effective—approach: for parents to sit on their hands, stay on the sidelines, even if duct tape is required, so that the kids step up. *Duct Tape Parenting* gives parents a new perspective on what it means to be effective, engaged parents and to enable kids to develop confidence through solving their own problems. This is not a book about the parenting strategy of the day—what the author calls “Post-It Note Parenting”—but rather a relationship-based guide to span all ages and stages of development. Witty, straight-shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident, capable children to go out in the world.

Attention Deficit Hyperactivity Disorder in Adults *Jones & Bartlett Learning*

ADHD in Adults is a comprehensive text that provides all the information you need to know about attention deficit hyperactivity disorder in mature adults. Written by the leading authority on ADHD, Dr. Barkley discusses diagnosis and assessment, treatment options, and much more.

Natural Relief for Adult ADHD

Complementary Strategies for Increasing Focus, Attention, and Motivation With or Without Medication *New Harbinger Publications*

For some people with attention deficit/hyperactivity disorder (ADHD), medication may not be the right answer, and for others, medication alone may not be enough. Natural Relief for Adult ADHD offers an accessible, research-based guide on the most effective non-medication treatments for ADHD. If you have ADHD, you may find it hard to stay focused on one thing and have trouble with time management and organization. You may also act on impulse—often with negative results. Whether you're in treatment, on medication, or are looking for alternative ways to get your symptoms under control, this book will provide you with sound, complementary strategies to increase your focus, get organized, and stay motivated. In the book, you'll find a ton of information on how to manage your ADHD, such as body awareness techniques to prevent sensory overstimulation common in ADHD; working memory training; massage, acupuncture, acupressure, chiropractic treatment; how food additives can affect ADHD symptoms, particularly certain pesticides; how to incorporate organic food into the diet while on a budget; and much, much more. If you are looking for proven-effective alternative treatments to get your ADHD under control and take back your life, this book will be your go-to guide.

Quick-Check for Adult ADHD Diagnosis *Jones & Bartlett Learning*

Barkley's Quick Check For Adult ADHD Diagnosis Is A New, Validated, Clinical Diagnostic Interview To Identify Adults With ADHD. It Comprises 18 Questions Scored With A Yes Or No. The 18 Items Yield Scores In Three Domains: Current Symptoms Of ADHD Areas Of Impairment Childhood Symptoms Of ADHD

Taking Charge Of Adult ADHD

ADHD 2. 0

New Science and Essential Strategies for Thriving with Distraction--From Childhood Through Adulthood *Ballantine Books*

A revolutionary new approach to ADD/ADHD featuring cutting-edge research and strategies to help readers thrive, by the bestselling authors of the seminal books Driven to Distraction and Delivered from Distraction "An inspired road map for living with a distractible brain . . . If you or your child suffer from ADHD, this book should be on your shelf. It will give you courage and hope."-Michael Thompson, Ph.D., New York Times bestselling co-author of Raising Cain World-renowned authors Dr. Edward M. Hallowell and Dr. John J. Ratey literally "wrote the book" on ADD/ADHD more than two decades ago. Their bestseller, Driven to

Distraction, largely introduced this diagnosis to the public and sold more than a million copies along the way. Now, most people have heard of ADHD and know someone who may have it. But lost in the discussion of both childhood and adult diagnosis of ADHD is the potential upside: Many hugely successful entrepreneurs and highly creative people attribute their achievements to ADHD. Also unknown to most are the recent research developments, including innovations that give a clearer understanding of the ADHD brain in action. In *ADHD 2.0*, Drs. Hallowell and Ratey, both of whom have this "variable attention trait," draw on the latest science to provide both parents and adults with ADHD a plan for minimizing the downside and maximizing the benefits of ADHD at any age. They offer an arsenal of new strategies and lifestyle hacks for thriving with ADHD, including - Find the right kind of difficult. Use these behavior assessments to discover the work, activity, or creative outlet best suited to an individual's unique strengths. - Reimagine environment. What specific elements to look for--at home, at school, or in the workplace--to enhance the creativity and entrepreneurial spirit inherent in the ADHD mind. - Embrace innate neurological tendencies. Take advantage of new findings about the brain's default mode network and cerebellum, which confer major benefits for people with ADHD. - Tap into the healing power of connection. Tips for establishing and maintaining positive connection "the other Vitamin C" and the best antidote to the negativity that plagues so many people with ADHD. - Consider medication. Gets the facts about the underlying chemistry, side effects, and proven benefits of all the pharmaceutical options. As inspiring as it is practical, *ADHD 2.0* will help you tap into the power of this mercurial condition and find the key that unlocks potential.

Organizing Solutions for People with ADHD, 2nd Edition-Revised and Updated

Tips and Tools to Help You Take Charge of Your Life and Get Organized *Fair Winds Press*

Organizing Solutions for People with ADD, 2nd Edition outlines new organizing strategies that will be of value to anyone who wants to improve their organizational skills. This revised and updated version also includes tips and techniques for keeping your latest technologies in order and for staying green and recycling with ease. Attention Deficit Disorder (ADD) and Attention Deficit Hyperactivity Disorder (ADHD) are prevalent in society today, afflicting about 4.4% of the adult population—over 13 million Americans. Four out of every five adults do not even know they have ADD. The chapters, organized by the type of room or task, consist of practical organizing solutions for people living with ADD: At work: prioritizing, time management, and organizing documents At home: paying bills on time, decluttering your house, scheduling and keeping appointments With kids: driving them to various activities, grocery shopping and meals, laundry, babysitters, organizing drawers and closets And you: organizing time for your social life, gym, and various other hobbies and activities Color photographs that capture the short attention span of the reader are featured throughout, as well as sidebars and testimonials from adults with ADD, providing numerous organizational tips, such as the importance of dividing time into minutes or moments, task completion, how to avoid procrastination, asking for help, and how not to be a pack rat. Get your life in order with this witty and sympathetic guide to organization.

It's The End of the World and I'm In My Bathing Suit *Scholastic Inc.*

A hilarious new middle-grade from Justin A. Reynolds that asks: What happens when five unsupervised kids face the apocalypse under outrageously silly circumstances? Twelve-year-old Eddie Gordon Holloway has concocted his most genius plan ever to avoid chores... especially the dreaded L-A-U-N-D-R-Y. If he can wear all the clothes he owns, he'll only have to do the laundry once during his school break. On the day of the highly anticipated Beach Bash, Eddie's monstrous pile of dirty laundry is found by his mom. And Eddie's day has just taken a turn for the worst. Now he's stuck at home by himself, missing the bash, and doing his whole pile of laundry. But mid-cycle, the power goes out! With his first load of laundry wet and the rest of his stuff still filthy, he sets out to explore the seemingly empty neighborhood in his glow-in-the-dark swim trunks, flip-flops, and a beach towel. He soon meets up with other neighborhood kids: newcomer Xavier (who was mid-haircut and has half his head shaved), Eddie's former friend Sonia (who has spent her entire break trying to beat a video game and was mid-battle with the final boss), and siblings Trey and Sage (who are dealing with major sibling drama). As they group up to cover more ground and find out what happened, they realize that their families aren't coming back anytime soon. And as night falls, the crew realizes that they aren't just the only people left in the neighborhood, they might be the only people left... anywhere.

The Disorganized Mind

Coaching Your ADHD Brain to Take Control of Your Time, Tasks, and Talents *St. Martin's Press*

For the millions of adults diagnosed with ADHD *The Disorganized Mind* will provide expert guidance on what they can do to make the most of their lives. The inattention, time-mismanagement, procrastination, impulsivity, distractibility, and difficulty with transitions that often go hand-in-hand with ADHD can be overcome with the unique approach that Nancy Ratey brings to turning these behaviors around. *The Disorganized Mind* addresses the common issues confronted by the ADHD adult: "Where did the time go?" "I'll do it later, I always work better under pressure anyway." "I'll just check my e-mail one more time before the meeting..." "I'll pay the bills tomorrow - that will give me time to find them." Professional ADHD coach and expert Nancy Ratey helps readers better understand why their ADHD is getting in their way and what they can do about it. Nancy Ratey understands the challenges faced by adults with ADHD from both a personal and professional perspective and is able to help anyone move forward to achieve greater success. Many individuals with ADHD live in turmoil. It doesn't have to be that way. You can make choices and imagine how things can change - this book will teach you how. By using ADHD strategies that have worked for others and will work for you, as well as learning how to organize, plan, and prioritize, you'll clear the hurdles of daily living with a confidence and success you may never before have dreamed possible. Nancy Ratey has the proven strategies that will help anyone with ADHD get focused, stay on track, and get things done - and finally get what they want from their work and their life.

You Mean I'm Not Lazy, Stupid or Crazy?!

The Classic Self-Help Book for Adults with Attention Deficit Disorder *Scribner*

For the first time since it was published in 1995, this seminal work on ADD—attention deficit disorder—in adults has been revised to include the latest research and treatments available today. With over a quarter million copies in print, *You Mean I'm*

Not Lazy, Stupid or Crazy?! is one of the bestselling books on attention deficit disorder (ADD) ever written. There is a great deal of literature about children with ADD. But what do you do if you have ADD and aren't a child anymore? This indispensable reference—the first of its kind written for adults with ADD by adults with ADD—focuses on the experiences of adults, offering updated information, practical how-tos and moral support to help readers deal with ADD. It also explains the diagnostic process that distinguishes ADD symptoms from normal lapses in memory, lack of concentration or impulsive behavior. Here's what's new: - The new medications and their effectiveness -The effects of ADD on human sexuality -The differences between male and female ADD—including falling estrogen levels and its impact on cognitive function -The power of meditation -How to move forward with coaching And the book still includes advice about: -Achieving balance by analyzing one's strengths and weaknesses -Getting

along in groups, at work and in intimate and family relationships—including how to decrease discord and chaos - Learning the mechanics and methods for getting organized and improving memory -Seeking professional help, including therapy and medication

The ADHD Effect on Marriage

Understand and Rebuild Your Relationship in Six Steps *Specialty PressInc*

Going beyond traditional marriage counseling which can often discount the influence of ADHD, this discussion offers advice from the author's personal experience and years of research and identifies patterns of behavior that can hurt marriages--such as nagging, intimacy problems, sudden anger, and memory issues--through the use of vignettes and descriptions of actual couples and their ADHD struggles and solutions.
