Want to learn about SEO Copywriting? - SEO for everyone
Copywriting is a little

more targeted or product driven, but it is still created to inform, entertain, or answer questions that readers have. If you think about it really, all writing--including copy, opinion and even research papers--is intended to influence readers one way or another. Some just do it more subtly.

Copywriting - Basic Guidelines for Copywriting and SEO

A definition of SEO copywriting. SEO copywriting is the activity of writing content for both humans and search engines. No, not just search engines. We said both. If you write for humans and provide them with useful information – you’re already writing for search engines, too.

You only need to pay a little more attention to some details.
