The fact that the lip is tingling is a good sign. What probably happened was when the dentist was giving the local anesthetic...she hit the mental nerve which is right at the premolar area. This nerve exits at the base of the premolars and it is difficult to know exactly where it is. This tingling numb feeling should correct itself in time but nerve trauma can take 6 months to heal. There is really nothing that you can do about it even though it is very annoying. The rule is for healing...
