First encounters: French literature and the cinematograph

In the first four decades of the twentieth century, French male novelists—not all of them “colons”—regularly wrote about the cultural influence of Southeast Asia on French colonials, whether they be businessmen, military personnel, or colonial civil servants. 1 In their writings, the French man’s contact with natives (his colonial “other”) often leads to his adoption of Asian

culture and repudiation of Western culture. In order to understand the complexities of this trend, it ...

This module considers the topos of the doctor-patient encounter in twentieth-century French literature. While the 'medical humanities' are a field of research that has predominantly flourished in Anglophone writing, this module questions whether intersections between the humanities and medicine are not also seminal to French literature of the twentieth century.

Introduction. In the years 1704-1717 the French orientalist Antoine Galland published his translation of an Arabic collection of tales called the Thousand and one nights. It was the first translation of this work in a European language and it was an instant success: Galand's Mille et une nuit conquered the French audience and was soon translated into the main European languages.
