American English File: Starter: Students Book Pack

Woke Racism *Penguin*

NEW YORK TIMES BESTSELLER New York Times bestselling author and acclaimed linguist John McWhorter argues that an illiberal neoracism, disguised as antiracism, is hurting Black communities and weakening the American social fabric. Americans of good will on both the left and the right are secretly asking themselves the same question: how has the conversation on race in America gone so crazy? We’re told to read books and listen to music by people of color but that wearing certain clothes is “appropriation.” We hear that being white automatically gives you privilege and that being Black makes you a victim. We want to speak up but fear we’ll be seen as unwoke, or worse, labeled a racist. According to John McWhorter, the problem is that a well-meaning but pernicious form of antiracism has become, not a progressive ideology, but a religion—and one that’s illogical, unreachable, and unintentionally neoracist. In Woke Racism, McWhorter reveals the workings of this new religion, from the original sin of “white privilege” and the weaponization of cancel culture to ban heretics, to the evangelical fervor of the “woke mob.” He shows how this religion that claims to “dismantle racist structures” is actually harming his fellow Black Americans by infantilizing Black people, setting Black students up for failure, and passing policies that disproportionately damage Black communities. The new religion might be called “antiracism,” but it features a racial essentialism that’s barely distinguishable from racist arguments of the past. Fortunately for Black America, and for all of us, it’s not too late to push back against woke racism. McWhorter shares scripts and encouragement with those trying to deprogram friends and family. And most importantly, he offers a roadmap to justice that actually will help, not hurt, Black America.

BRZRKR Vol. 1 *Boom! Studios*

A WAR WITH NO END. The man known only as B. is half-mortal and half-God, cursed and compelled to violence...even at the sacrifice of his sanity. But after wandering the world for centuries, the Berzerker may have finally found a refuge – working for the U.S. government to fight the battles too violent and too dangerous for anyone else. In exchange, B. will be granted the one thing he desires – the truth about his endless blood-soaked existence...and how to end it.

The Way I Am *Dutton Adult*

A self-portrait by the controversial music artist shares his private thoughts on everything from his inner struggles to his relationship with his daughter, in an account complemented by drawings, hand-written lyrics, and previously unseen photographs.

New English File - New Edition / Student's Book

The Awful Fate Of Melpomenus Jones *Harper Collins*

They say that some people have a difficult time making their excuses and saying goodbye. When, exactly, does one wear out his welcome? The answer to this is found in the awful, yet humorous, fate of one Melpomenus Jones. “The Awful Fate of Melpomenus Jones” is representative of author Stephen Leacock’s writing style where he pokes fun at social absurdities and irrational behaviour. This short story was adapted into a short animated film in 1983. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Euclid's Elements (the Thirteen Books)

Euclid was a mathematician from the Greek city of Alexandria who lived during the 4th and 3rd century B.C. and is often referred to as the "father of geometry." Within his foundational treatise "Elements," Euclid presents the results of earlier mathematicians and includes many of his own theories in a systematic, concise book that utilized a brief set of axioms and meticulous proofs to solidify his deductions. In addition to its easily referenced geometry, "Elements" also includes number theory and other mathematical considerations. For centuries, this work was a primary textbook of mathematics, containing the only framework for geometry known by mathematicians until the development of "non-Euclidian" geometry in the late 19th century. The extent to which Euclid's "Elements" is of his own original authorship or borrowed from previous scholars is unknown, however despite this fact it was his collation of these basic mathematical principles for which most of the world would come to the study of geometry. Today, Euclid's "Elements" is acknowledged as one of the most influential mathematical texts in history. This volume includes all thirteen books of Euclid's "Elements," is printed on premium acid-free paper, and follows the translation of Thomas Heath.

Turkey Trouble *Two Lions*

As Thanksgiving Day approaches, Turkey nervously makes a series of costumes, disguising himself as other farm animals in hopes that he can avoid being served as Thanksgiving dinner.

American English File *OXFORD*

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.
