At the Races: 'A human being is here!' - MSN

Hello, and thank you for being here, human, with me. I have spent the last ten years deep in the waters of grief and loss. I have created community-based, peer-led

bereavement programs for hospices across southern Ontario, lectured on grief and loss at medical schools and universities, sat humbled and broken with hundreds of people as they shared with me stunning stories of what it means to be ...

Who We Are — being here, human

A human being is a man, woman, or child of the species *Homo sapiens*, and different from other animals by advanced mental development, power of articulate speech, and upright stance. This definition explains how human species differ from other animal species and explains the three main differences between humans and other animals, namely,

upright stance,
language skills and
mental development.

Difference between human being and being human

Humans (Homo sapiens) are a species of highly intelligent primates. They are the only extant members of the subtribe Hominina and—together with chimpanzees, gorillas, and orangutans—are part of the family Hominidae (the great apes, or hominids).
