a tall stranger who whispers a cryptic message into her ear. Moments later, he is dead, mysteriously pushed under the train by someone in the crowd. Hope in the Dark

Untold Histories, Wild Possibilities *Haymarket Books*

“[A] landmark book . . . Solnit illustrates how the uprisings that begin on the

streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit’s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are

not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill McKibben, *New York Times*-bestselling author of *Falter* “An elegant reminder that activist victories are easily

forgotten, and that they often come in extremely unexpected, roundabout ways.” —The New Yorker

Cat of Many Tails *BASTEI LÜBBE*

New York City is terrorized by a serial killer, and only Ellery Queen can stop the panic. In the dog days of August, it is no surprise to see New Yorkers perspire. But this summer, a killer called the Cat gives the city a new reason to sweat. He selects his victims seemingly at random and strangles them, then escapes without leaving a clue. As the death toll climbs, and the press whips the public into horrified frenzy, Gotham teeters on the edge of anarchy. Ellery Queen, the

brilliant amateur sleuth, has gone into retirement when the Cat begins to kill. As his father, a seasoned homicide detective, leads the investigation into the murder, Ellery tries to avoid getting involved. But as the body count rises, he can no longer resist the urge to hunt. The Queens are known for their curiosity - and everyone knows how curiosity can affect a cat. Review quote: "A new Ellery Queen book has always been something to look forward to for many years now." - Agatha Christie "Ellery Queen is the American detective story." - Anthony Boucher, author of *Nine Times Nine* "A great way to visit Moscow without having to live there." - *San Jose Mercury News* Biographical note: Ellery Queen was a pen name created and shared by two cousins, Frederic Dannay

(1905-1982) and Manfred B. Lee (1905-1971), as well as the name of their most famous detective. Born in Brooklyn, they spent forty-two years writing, editing, and anthologizing under the name, gaining a reputation as the foremost American authors of the Golden Age "fair play" mystery. Although eventually famous on television and radio, Queen's first appearance came in 1928, when the cousins won a mystery-writing contest with the book that was later published as *The Roman Hat Mystery*. Their character was an amateur detective who uses his spare time to assist his police inspector uncle in solving baffling crimes. Besides writing the Queen novels, Dannay and Lee cofounded *Ellery Queen's Mystery Magazine*, one of the most influential

crime publications of all time. Although Dannay outlived his cousin by nine years, he retired Queen upon Lee's death.
