Longterm Care How To Plan

Because long-term care (LTC) is quite expensive, depending on the degree of support required when it is required the danger is that it can easily swallow up all of your financial resources and even result in your house being sold to fund care. This, in turn, reduces the estate that you can leave to your dependents and that can cause additional concern, on top of seeing your capital disappear.

How to plan long-term care

If you or a relative are struggling to manage with everyday living because of illness or disability, you might need long-term care. The first step to arranging care is to ask your local authority to carry out a care needs assessment, to work out: What help you need; What care is available, and; How much of it you'll have to pay for. Care can be provided either in your home or in a care home.
