Techniques Of Documentation In Research

Paranthesical Documentation . Joseph F. Trimmer "You may decide to vary the pattern of documentation by presenting the information from a source and placing the author's name and page number in parentheses at the end of the sentence. This method is particularly useful if you have already established the identity of your source in a previous sentence and now want to develop the author's idea in some detail without having to clutter your sentences with constant references to his or her name.

By Staff Writer Last Updated Mar 29, 2020 9:19:44 AM ET. Documentation in research is critical because it allows people reading a finished work to trace points and information back to their original sources and to discern what ideas belong solely to the author. This is particularly important for individuals active in similar fields, both for their future research and for engagement in constructive mutual criticism.
