Career Counselling *Routledge*

In a changing employment climate and with the growth of demand for careers guidance at all stages of life, careers guidance practice has moved from its positivist world view, with the counsellor as expert and client as passive responder, to more holistic 'constructivist' approaches. In essence, these approaches view the career as a holistic concept in which work and personal life are inextricably intertwined, and individuals are experts in their own lives, actively constructing their careers.

The first to fully explore the constructivist approach, this book: provides a theoretical background to constructivism outlines a range of constructivist approaches to career counselling gives examples of the practical application of constructivism. Essential for anyone involved in career guidance wishing to learn more about this vital new approach, this book combines theory with practicable guidance, and represents a new direction for career counselling.

Integrative Life Planning *Jossey-Bass*

In the field of career development, Integrative Life Planning is a landmark book that recognizes the radical shifts in today's lifestyles and workplaces and offers a holistic counseling approach that

joins career planning with the life path of an individual. Written by L. Sunny Hansen—a pioneer in career development—this important resource details her highly regarded concept of integrative life planning (ILP). As the book reveals, using the ILP framework enables career professionals, counselors, and their clients to develop career and life patterns that are holistic and focused on both individual satisfaction and community benefit. Integrative Life Planning provides an analysis of Hansen's revolutionary ILP concept that is anchored in an interdisciplinary framework of six critical tasks: finding work that needs doing in changing global contexts; weaving our lives into a meaningful whole, connecting family and work; valuing pluralism and inclusivity, exploring spirituality and life purpose; and managing personal transitions and organizational change. The book offers a wealth of ideas and information on each of the critical tasks as well as illustrative strategies and career interventions that can be used or adapted when implementing the ILP concept. ILP is an ideal approach for dealing with changes in work, family, learning, and society. Using a quilt metaphor, it integrates many aspects of individuals, families, and organizations including both the personal and the professional. In this pioneering work, the author advocates for people to make life choices and decisions consistent with the changes of a dynamic global society. The ILP concept takes into account self-satisfaction and the common good; personal accomplishment and community benefit. Hansen argues persuasively that this global approach can lead to more meaningful lives, more humane relationships, and a more caring society.

Leading Schools With Social, Emotional, and Academic Development (SEAD) *IGI Global*

There is a growing need for social, emotional, and academic development (SEAD) in classrooms, schools, districts, and state offices of public education, but educators struggle to find a resource that guides them on these specific challenges. Educators need valid resources as a means to better prepare themselves to use SEAD within their work and support student success. Tangible evidence-based practices on SEAD implementation and how it mitigates leading challenges in education is a current need in the research community. Challenges such as school safety, discipline and restorative practices, and workforce readiness are a few challenges that are currently in need of being addressed. SEAD in school systems may be a solution for some of these areas of concern as well as providing additional benefits for students, educators, and school systems. Leading Schools With Social, Emotional, and Academic Development (SEAD) provides theoretical and applied frameworks for evidence-based

strategies to embed SEAD practices into sustainable and measurable high-impact systems. SEAD advancements and successful applications in increasing student academic achievement, campus safety and school climate, adult SEAD skills, and family/parent and community engagement are discussed. This book is ideal for in-service and preservice teachers, administrators, teacher educators, practitioners, researchers, academicians, and students interested in the applications and successful models of SEAD implementation in schools.

A Strength-based Approach to Career Development Using Appreciative Inquiry *National Career Development Assn*

Suicide Assessment and Treatment Planning *John Wiley & Sons*

This practical guide provides a holistic, wellness-oriented approach to understanding suicide and working effectively with clients who are suicidal. John and Rita Sommers-Flanagans' culturally sensitive, seven-dimension model offers new ways to collaboratively integrate solution-focused and strengths-based strategies into clinical interactions and treatment planning with children, adolescents, and adults. Each chapter contains diverse case studies and key practitioner guidance points to deepen learning in addition to a wellness practice intervention to elevate mood. Personal and professional self-care and emotional preparation techniques are emphasized, as are ethical issues, counselor competencies, and clinically nuanced skill building. "This engaging book provides considerable insight into the dynamics around suicide, the emotional distress involved, and how counselors can best assist clients while also focusing on their own health and wellness. The Sommers-Flanagans'

strengths-based approach will allow practitioners to connect with their clients and offer understanding and hope when they are most needed.” —Kelly Duncan, PhD, LPC ACES Executive Director “I will read anything that the Drs. Sommers-Flanagan write. This book, however, is one where I took my time and savored each page. Why? Because suicide is emotionally charged, societally and individually taboo, scary, and near the top of the list of more common and feared client experiences. This book treats suicide assessment and treatment in an intelligent, thoughtful, and practical way for clients and clinicians. It humanizes suicidal ideation and, in doing so, helps the reader better understand how to truly care for those in distress.” —Matt Englar-Carlson, PhD California State University, Fullerton About the Authors John Sommers-Flanagan, PhD, is a professor of counseling at the University of Montana and the author or coauthor of more than 100 professional publications. Rita Sommers-Flanagan, PhD, is a professor emerita of counseling at the University of Montana. She is a psychologist, poet, blogger, and the author or coauthor of almost as many publications as John. *Requests for digital versions from ACA can be found on www.wiley.com *To purchase print copies, please visit the ACA website here *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

Counseling 21st Century Students for Optimal College and Career Readiness *Routledge*

In order for students to compete in today’s global economy, our schools need to help them develop better cognitive and technological skills. School counselors have an enormous impact on

students’ achievement and their success in their post-secondary education, yet initiatives to improve student outcomes often overlook them. Fitzpatrick and Costantini present their own action-based curriculum for high school counselors that will meet the needs of 21st century students, helping to foster their growth and ambition and actively engage them in learning what they need to succeed beyond high school. Important steps covered in this curriculum include Making the transition to ninth grade successful Using technology in the advising process, such as online resources for college and career research, assessing interests, and structuring advising sessions Preparing for standardized testing and using it to motivate students about the college application process Assisting students in researching careers and colleges, making the most of college visits, applying for college, and writing the application essay Equally important, the book focuses on the counselor and his or her role as an advocate and leader for students and details running a guidance office, working with parents, and writing Secondary School Reports. While applicable for all school counselors and students, the authors’ curriculum has a special focus on students in urban public schools to enable them to have the same experiences as their counterparts in suburban and private schools. An accompanying CD contains the tables, exercises, and charts from the book so they can be easily accessed and reproduced.
