Nonviolent Conflict And Civil Resistance

Civil resistance is a powerful way for people to fight for their rights, freedom, and justice—without the use of violence. When people wage civil resistance, they use tactics such as strikes, boycotts, mass protests, and many other nonviolent actions to withdraw their cooperation from an oppressive system. Throughout history and in the present day, civil resistance movements have forced change to happen, even against powerful opponents who are willing to use violence.

A "No NATO" protester in Chicago, 2012. Nonviolent resistance (NVR), or nonviolent action, is the practice of achieving goals such as social change through symbolic protests, civil disobedience, economic or political noncooperation, satyagraha, or other methods, while being nonviolent. This type of action highlights the desires of an individual or group that feels that something needs to change to improve the current condition of the resisting person or group.

Nonviolent resistance - Wikipedia

This volume of Research in Social Movements, Conflicts and Change analyzes examples of nonviolent resistance from across the globe. It covers how regime changes, political movements and nonviolent unrest develop and then shape the political decisions of both civil society and the state. Section one is focused on the strategic interactions between nonviolent movements and the state.

Based on comprehensive reviews of civil society resistance events over more than a hundred years the authors successfully argue that non-violent resistance is at least as successful as violent resistance. The main factors are analyzed and the book allows the reader to develop further understanding of the mechanisms of resistance.

Why Civil Resistance Works: The Strategic Logic of ...

Civil resistance is political action that relies on the use of

nonviolent resistance by civil groups to challenge a particular power, force, policy or regime. Civil resistance operates through appeals to the adversary, pressure and coercion: it can involve systematic attempts to undermine the adversary's sources of power, both domestic and international. Forms of action have included demonstrations, vigils and petitions; strikes, go-slows, boycotts and emigration movements; and sit-ins, occupati

Civil resistance - Wikipedia

This course investigates non-violent movements utilized throughout the world as a means of resistance to challenge the state. The movements may utilize a variety of different techniques, from protest and civil disobedience, to sit ins and unarmed revolutions.
