The Strategy Of Conflict Thomas

Against the backdrop of the nuclear arms race in the late 1950s, Thomas Schelling's book *The Strategy of Conflict* set forth his vision of game theory as a unifying framework for the social sciences. Schelling showed that a party can strengthen its position by overtly worsening its own options, that the capability to retaliate can be more useful than the ability to resist an attack, and that uncertain retaliation is more credible and more efficient than certain retaliation.

Thomas Schelling applies Game Theory to deconstructing cold war negotiations and other fairly well structured "conflicts". As such, he offers the student of history a very interesting set of tools. However, it is unlikely that one can apply any of the outcomes to today's environment as more contemporary communication tools (instantaneous, distributed, portable and user generated) are absent from a book written in 1960.
