Complicating factors in urban warfare include the presence of civilians and the complexity of the urban terrain.Urban combat operations may be conducted to capitalize on strategic or tactical advantages associated with the ...

Urban warfare - Wikipedia
Urban and rural areas often meet their water demands from a shared stock of finite water resources. Against the changing climate, the rising water demands in fast-growing urban areas are leading to increasing water-use conflicts with the co-dependent rural areas. Although poor water governance is frequently cited as the key reason for such urban–rural conflicts, it is also recognized as ...
