The Mirror Universe is a parallel universe in which the plots of several Star Trek television episodes take place. It resembles the fictional universe in which the Star Trek television series takes place, but is separate from the main universe. The Mirror Universe has been visited in one episode of Star Trek: The Original Series, five episodes of Star Trek: Deep Space Nine, a two-part episode of Star Trek: Enterprise and a storyline in Star Trek: Discovery, as well as several non-canon Star Trek

Mirror Universe - Wikipedia

The Orb of Possibilities, taken from the mirror universe at an unknown time, is returned to mirror Bajor, aiding the rise of Captain Leeta. In 2410 , the Mirror Universe's history is altered significantly when Admiral Leeta defeats the Iconians 200,000 years in the past and takes challenges the Emperor's power using a combination of future technology from the Temporal Liberation Front and aid from the Pah-wraith .

Rise Like Lions - Memory Alpha, the Star Trek Wiki

The existence of a "point of divergence" from the traditional Star Trek universe has not been confirmed, though according to the novel Fearful Symmetry, the mirror universe is in fact a parallel quantum universe, as quantum signature scans used to match Worf with his USS Enterprise-D in TNG: "Parallels" were also able to differentiate natives of the mirror universe from those of the prime reality. This suggests that even though the two universes were always separate, they shared a similar ...
