Hesston has been known as the hay and
forage innovator since 1955, when the
company developed the first
commercially available self-propelled
windrower. Other industry firsts have
included the first hydrostatic windrower,
the first center-pivot mower-conditioner
and the first big square baler—which had
nearly 50 individual patents of its own.
Today, Hesston products continue to

lead the way ...

Hesston pt-10? - posted in Machinery: A
friend of mine wants to sell me a hesston
pt-10. Id like to have a mower
conditioner but dont know much about
them, so i have questions. First, it needs
a new belt and some cutters replaced
and he wants \$500 for it. Fair deal or too

much? And how hard is it to replace the
belt? Does it have a tensioner pulley like
a vehicle would?
