Genesis Of A Music An

Genesis of a Music is a book first published in 1949 by microtonal composer Harry Partch. Partch first presents a polemic against both equal temperament and the long history of stagnation in the teaching of music; according to Alex Ross, this is "the most startling forty-five-page history of music ever written". In particular, Partch holds Johann Sebastian Bach responsible for "the movement toward equal-tempered tuning, which meant that composers could not absorb the scales of other world tradit

First published in 1949, Genesis of a Music is the manifesto of Partch's radical compositional practice and instruments (which owe nothing to the 300-year-old European tradition of Western music.) He contrasts Abstract and Corporeal music, proclaiming the latter as the vital, emotionally tactile form derived from the spoken word (like Greek, Chinese, Arabic, and Indian musics) and surveys the history of world music at length from this perspective.

I really miss epic and complex music like this that we saw more of in the 70s, when bands were more about the music rather than looking like a model as well as having a good singing voice. Genesis was a group of amazingly talented musicians. I can't imagine a world without Genesis, Peter Gabriel or Phil Collins. One of my favorite bands of all ...
