Creative Writing research can take many forms, but at its heart are the activities of writing creatively. That is, those engaging in Creative Writing research are active creative writers, producing creative works as key parts of their research explorations.

Research :: National Association of Writers in Education

Writing Across the Curriculum is a movement that began in the 1970s and is gaining a lot of attention these days. It is designed to boost children's critical thinking skills by requiring them to write in all of their classes—from math to social studies to science—and not just in language arts. And it's a perfect fit for Common Core.
