His Kidnappers Shoes

His Kidnapper's Shoes is a story of love and loss, obsession and revenge, but most of all, forgiveness. It is tragic and heart-wrenching, and its characters very human. The title is clever and I thought it referred to something else entirely until just before the end.

His Kidnapper's Shoes is unlike any psychological thriller that I have read this year in that whilst others use similar narrative skill to ‘force’ a stance from the reader, what is achieved here is a complete questioning of the system by which we judge the lives of others, so that by the novel’s close we feel both alienated from the situation and yet, extraordinarily, somehow able to put ourselves in His Kidnapper’s Shoes...

Definitely a darker and even cringe-inducing read, but "His Kidnapper's Shoes" was a good psychological drama that kept me hooked until the very last page. And while not a fast-paced crime thriller, it does take the time to get into the psyche of both the kidnapper and the victim, and will stay with me for a long time.

His Kidnappers Shoes was advertised as a psychological thriller, but I didn't find it suspenseful or thrilling at all. Even though this book wasn't what I was expecting, I still really enjoyed the Daniel and Laura's stories. Daniel just found out, as an adult, that the woman who raised him kidnapped him from his biological family.

Amazon.co.uk:Customer reviews: His Kidnapper's Shoes

A quote came to mind when I was reading His Kidnappers Shoes “ Before you start to judge me, Step into my shoes and walk the life I'm living and if you get as far as I am, just maybe you will see how strong I really am”, you won't be able to help but judge the characters in this book, but the author

has expertly explored issues that may well help you understand their motives better, my feelings towards Laura changed as I learnt more about her.
