Volition and Personality: Amazon.co.uk: 9789993625865: Books

Volition or will is the cognitive process by which an individual decides on and commits to a particular course of action. It is defined as purposive striving and is one of the primary human psychological functions. Others include affect, motivation, and cognition. Volitional processes can be applied consciously or they can be automatized as habits over time. Most modern conceptions of volition

address it as a process of conscious action control which becomes automatized.
