Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Principles of Macroeconomics Cengage AU

Principles of Macroeconomics 8th edition boils economics down to its essentials, by considering what is truly important for students to learn in their first course in economics. In keeping with the authors' philosophy of showing students the power of economic tools and the importance of economic ideas, this edition pays careful attention to regional and global policies and economic issues - including the impacts of the contemporary macroeconomic issues, inflation, unemployment, interest rates, and monetary and fiscal policy. The resource emphasises the material that students should and do find interesting about the study of the economy, resulting in a focus on applications and policy, and less on formal economic theory. Principles of Macroeconomics, 8th edition encourages students to make their own judgements by presenting both sides of the debate on five controversial issues facing policy makers: the proper degree of policy activism in response to the business cycle, the choice between rules and discretion in the conduct of monetary policy, the desirability of reaching zero inflation, the importance of balancing the government's budget, and the need for tax reform to encourage saving. Principles of Macroeconomics *Harcourt College Pub*

Principles of Macroeconomics aims to bring economics to life for the first time student. Mankiw accomplishes this by writing a brief text which explains economics by the rules rather than the exceptions, and by balancing application with theory. He reveals to students how economics has relevance in their everyday lives, and through a strong policy orientation, shows them economics in action in the broader social arena. His conversational writing style succeeds in presenting the politics and science of economic theories to tomorrow's decision-makers. The Canadian edition maintains the virtues of the author's landmark U.S. text, while revising the content to reflect the differences of our small open economy.
