The Power of Full Engagement

Managing Energy, Not Time, Is the Key to High Performance and Personal Renewal *Simon and Schuster*

A personal energy training program outlines strategies on how to prevent burnout and improve productivity, discussing such areas as how to work with four key sources of energy, balancing stress and recovery, expanding capacity, and implementing positive routines. Reprint. 60,000 first printing.

The Way We're Working Isn't Working

The Four Forgotten Needs That Energize Great Performance *Simon and Schuster*

This book was previously titled, *Be Excellent at Anything. The Way We're Working Isn't Working* is one of those rare books with the power to profoundly transform the way we work and live. Demand is exceeding our capacity. The ethic of "more, bigger, faster" exacts a series of silent but pernicious costs at work, undermining our energy, focus, creativity, and passion. Nearly 75 percent of employees around the world feel disengaged at work every day. *The Way We're Working Isn't Working* offers a groundbreaking approach to reenergizing our lives so we're both more satisfied and more productive—on the job and off. By integrating multidisciplinary findings from the science of high performance, Tony Schwartz, coauthor of the #1 bestselling *The Power of Full Engagement*, makes a persuasive case that we're neglecting the four core needs that energize great performance: sustainability (physical); security (emotional); self-expression (mental); and significance (spiritual). Rather than running like computers at high speeds for long periods, we're at our best when we pulse rhythmically between expending and regularly renewing energy across each of our four needs. Organizations undermine sustainable high performance by forever seeking to get more out of their people. Instead they should seek systematically to meet their four core needs so they're freed, fueled, and inspired to bring the best of themselves to work every day. Drawing on extensive work with an extra-ordinary range of organizations, among them Google, Ford, Sony, Ernst & Young, Shell, IBM, the Los Angeles Police Department, and the Cleveland Clinic,

Schwartz creates a road map for a new way of working. At the individual level, he explains how we can build specific rituals into our daily schedules to balance intense effort with regular renewal; offset emotionally draining experiences with practices that fuel resilience; move between a narrow focus on urgent demands and more strategic, creative thinking; and balance a short-term focus on immediate results with a values-driven commitment to serving the greater good. At the organizational level, he outlines new policies, practices, and cultural messages that Schwartz's client companies have adopted. *The Way We're Working Isn't Working* offers individuals, leaders, and organizations a highly practical, proven set of strategies to better manage the relentlessly rising demands we all face in an increasingly complex world.

The Power of Story

Change Your Story, Change Your Destiny in Business and in Life *Simon and Schuster*

Outlines a strategy for personal success that explains how readers can adjust the telling of their life stories to promote goals and change how they are seen by others. By the author of *The Power of Full Engagement*. Reprint. 35,000 first printing.

Be Excellent at Anything

The Four Keys To Transforming the Way We Work and Live *Simon and Schuster*

Offers strategies for enabling sustainable high performance by systematically investing in employee health and happiness, citing the vulnerabilities of common business practices while

offering examples of effective leadership.

The Only Way to Win

How Building Character Drives Higher Achievement and Greater Fulfillment in Business and Life *Hachette UK*

The conditioning begins early in our lives. Great achievements will bring lasting happiness and fulfillment; great achievements form the bedrock of stable self-esteem and strong character; great achievements will become the foundation for a successful life. If these well-intentioned promises are true, why does winning never seem to be enough? In *The Only Way to Win*, Jim Loehr draws upon two decades of work with Fortune 500 executives; world-class athletes such as Monica Seles, Dan Jansen, and Eric Lindros; and other high achievers at the Human Performance Institute (HPI) to reveal surprising insights about achievement motivation. Specifically, Loehr finds that the blind pursuit of external achievement often results in emptiness, addiction, and, ironically, poor performance. It's not really about what you achieve, he argues, it's about who you become as a consequence of the chase. From the bestselling author of *On Form*, comes a compelling, practical, and hopeful read filled with relatable stories and useful exercises. *The Only Way to Win* will serve as a powerful wake-up call for business leaders, employees, teachers, and coaches. It will also provide inspiration for readers looking to perform better, achieve more, and change both their own lives and those of the people they influence.

Leading with Character

10 Minutes a Day to a Brilliant Legacy Set *John Wiley & Sons*

From leadership expert Dr. Jim Loehr, strengthen your moral and ethical character for outstanding leadership results with this must-have set. *Leading with Character: 10 Minutes a Day to a Brilliant Legacy* At the end of your life, how are you likely to be remembered? Chances are that people won't be praising your money, power, and status. Instead, the people you've impacted will remember you for your compassion and

personal strength—in short, your character. Unfortunately, many leaders are unaware of their character shortcomings and blind spots that hold so many of us back from building the lasting legacy we are capable of. With the right motivation, you can begin to strengthen your character and become a moral and ethical leader capable of creating lasting change. In *Leading with Character: 10 Minutes a Day to a Brilliant Legacy*, Dr. Jim Loehr, cofounder of the Johnson & Johnson Human Performance Institute, reveals 50 character competencies that you can practice daily to transform your life and work. This book will also guide you through the process of developing a Personal Credo that will serve as your decision-making mission statement. Most leaders never take the time to identify their own core values, instead defaulting to a reflexive form of decision making. Gain an awareness of the conscious and unconscious processes that guide what you do and why you do it, and take charge of your leadership legacy. Even good leaders are vulnerable to corruption. Read *Leading with Character* to learn how human evolution and contemporary culture can lead us astray without our even knowing it. As we work hard to get to the top, who are we becoming along the way? If we want to become heroes whose memories will long outlast us, we need to channel our energy into creating habits that will add up to a strong and meaningful character. *The Personal Credo Journal: A Companion to Leading with Character* We all want to become high impact leaders with a robust ethical and moral character, but getting there is a challenge. Dr. Jim Loehr's *Leading with Character* offers a succinct plan for developing your character as a leader

and building a meaningful legacy through your life's work. The *Personal Credo Journal* is a day-by-day workbook that will guide you through the process of identifying your core values and crafting your Personal Credo—a statement of beliefs and values that will help you align every action and decision with your deepest held ideals. With these activities and exercises, you'll spend just a few minutes each day reflecting on meaningful and thought-provoking prompts about your life story, your personal strengths and weaknesses, and your life goals. By the end of this life-altering, 150-day challenge, you will have gained a deep self-knowledge and a clear vision of your path forward as a leader. Take charge of the legacy you'll leave behind, build character, and learn to use your Personal Credo to transform your life.

Win the Heart

How to Create a Culture of Full Engagement *Berrett-Koehler Publishers*

Every great company has an engaged workforce, and nurturing a culture of engagement is at the heart of great leadership—employees who really care about their work, their coworkers, and the organization can supercharge a company's success. But for many years, engagement has been suffering. Gallop

reports that 70 percent of employees are not fully engaged on the job. Mark Miller draws on more than forty years of leadership experience to show leaders at all levels how to change the conversation and create real competitive advantage in the process. In the fourth book in Miller's High Performance Series, CEO Blake Brown sets out to discover how to create the kind of workplace where everyone feels excited to come to work, passionate about what he or she brings to the company, and energized at the end of the day. It's a journey that takes him literally all over the world—from Italy to Greece to Green Bay and more. What he discovers from the pages of history is as relevant as the evening news. Engagement unleashes untapped potential buried deep within the hearts of your people. An engaged workforce is more creative, more driven, and more enthusiastic about reaching company goals. If you put the lessons in this book to work, your people will never look at work, or their leaders, the same way again.

On Form

Managing Energy, Not Time, is the Key to High Performance, Health and Happiness *Hachette UK*

Four forms of energy pulse through each of us at all times: physical, emotional, mental and spiritual. To thrive, we must recruit all four of these energies in the service of a specific mission. To be fully engaged means to be physically energized, emotionally engaged, mentally focused, and spiritually vested. Jim Loehr and Tony Schwartz draw on 30 years of research and experience with thousands of world-class athletes, FBI hostage rescue teams, emergency service workers, and corporate executives who

must sustain high performance in the face of pressure. In this book they offer their precise understanding of how to help individuals and organizations manage energy to drive full engagement -- along with a step-by-step programme to make that happen.

The Tools

Transform Your Problems into Courage, Confidence, and Creativity *Random House Canada*

A groundbreaking book about personal

growth that presents a uniquely effective set of four tools that bring about dynamic change in the present and impart a greater understanding of the depth and complexity of the human condition over the longterm. The Tools addresses the most common complaint patients have about psychotherapy: the interminable wait for change to begin. Barry Michels, an LA-based therapist, was frustrated by his inability to bring his patients faster relief from the issues that plagued them. He found a mentor in Phil Stutz, a psychiatrist who years before devised a methodology that arose from a similar disenchantment. The traditional therapeutic model sets its sights on the past, but Stutz and Michels employ an arsenal of tools--exercises that access the power of the unconscious and effectively meet the most persistent problems people face--and the results are electrifying. Stutz and Michels are much sought-after--a recent profile in *The New Yorker* touted them as an "open secret" in Hollywood--and treat a high-powered and creative clientele. Their first work, *The Tools* transcends the typical self-help genre because of its paradigm-changing material, the credibility of its authors, and the instant appeal and empowerment of its message.

Born for This

How to Find the Work You Were Meant to Do *Currency*

Have you ever met someone with the perfect job? To the outside observer, it seems like they've won the career lottery—that by some stroke of luck or circumstance they've found the one thing they love so much that it doesn't even feel like work—and they're getting paid well to do it. In reality, their good fortune has nothing to do with chance. There's a method for finding your perfect job, and Chris Guillebeau, the bestselling author of *The \$100 Startup*, has created a practical guide for how to do it—whether within a traditional company or business, or by striking out on your own. Finding the work you were “born to do” isn't just about discovering your passion. Doing what brings you joy is great, but if you aren't earning a living, it's a hobby, not a career. And those who jump out of bed excited to go to work every morning don't just have jobs that turn their passions into paychecks. They have jobs where they also can lose themselves for hours in the flow of meaningful work. This intersection of joy, money, and flow is what Guillebeau will help you find in this book. Through inspiring stories of those who have successfully landed their dream career, as well as actionable tools, exercises, and thought experiments, he'll guide you through today's vast menu of career options to discover the work perfectly suited to your unique interests, skills, and experiences. You'll learn how to:

- Hack the job of your dreams within a traditional organization by making it work for you
- Find not only your ideal work but also your ideal working conditions
- Create plans that will allow you to take smarter career risks and

“beat the house” every time • Start a profitable “side hustle” and earn extra cash on top of your primary stream of income • Escape the prison of working for someone else and build a mini-empire as an entrepreneur • Become a rock star at any creative endeavor by creating a loyal base of fans and followers

Whichever path you choose, this book will show you how to find that one job or career that feels so right, it's like you were born to do it.

The Progress Principle

Using Small Wins to Ignite Joy, Engagement, and Creativity at Work

Harvard Business Press

What really sets the best managers above the rest? It's their power to build a cadre of employees who have great inner work lives—consistently positive emotions; strong motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees' inner work lives. But it's forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people's performance.

Tap Into Greatness

How to Stop Managing Start Leading and Drive Bigger Impact

RDA Press, LLC

At some point, every single one of us has reached a point of frustration. A situation where we knew that we were having impact that was far less than what we were capable of. Large organizations are filled with smart people who have great ideas. Unfortunately, most of these people find themselves stymied in their ability to bring people to their full potential and ideas to fruition. It doesn't have to be that way. In *Tap Into Greatness*, noted performance coach and educator Sarah Singer-Nourie reveals the key truths of having outsized impact, influence and power. It turns out that most of us aren't leading. We're simply managing. We're getting things done, but we're not inspiring others to excel beyond what's expected. Great leaders know better. They know leadership isn't magic. It's not just something you're born with. Leadership is learnable. In this engaging and hands-on book, Singer-Nourie provides tools that have been developed over the last twenty years in her work with leaders and teams in corporate America, Silicon Valley startups, schools and non-profit organizations. The methodology is based on how people actually learn, rather than how most of us were taught in school. It leverages the insights of human motivation and the latest research in neuroscience to give leaders a roadmap for having impact. Readers who put the tools of *Tap Into Greatness* into practice have immediate and often surprising results. They find themselves able to influence colleagues who were previously unmoved. They're able to inspire teammates to go above and beyond the call of duty. And they create teams that make better decisions even when the leader isn't in the room.

TouchPoints

Creating Powerful Leadership Connections in the Smallest of Moments *John Wiley & Sons*

A fresh, effective, and enduring way to lead—starting with your next interaction. Most leaders feel the inevitable interruptions in their jam-packed days are troublesome. But in *TouchPoints*, Conant and Norgaard argue that these—and every point of contact with other people—are overlooked opportunities for leaders to increase their impact and promote their organization's strategy and values. Through previously untold stories from Conant's tenure as CEO of Campbell Soup Company and Norgaard's vast consulting experience, the authors show that a leader's impact and legacy are built through hundreds, even thousands, of interactive moments in time. The good news is that anyone can develop "TouchPoint" mastery by focusing on three essential components: head, heart, and hands. *TouchPoints* speaks to the theory and craft of leadership, promoting a balanced presence of rational, authentic, active, and wise leadership practices. Leadership mastery in the smallest and otherwise ordinary moments can transform aimless activity in individuals and entropy in organizations into focused energy—one magical moment at a time.

Thinking, Fast and Slow *Farrar, Straus and Giroux*

Major New York Times bestseller Winner of the National Academy of Sciences Best Book Award in 2012 Selected by the New York Times Book Review as one of the ten best books of 2011 A Globe and Mail Best Books of the Year 2011 Title One of The Economist's 2011 Books of the Year One of The Wall Street Journal's Best Nonfiction Books of the Year 2011 2013 Presidential Medal of Freedom Recipient Kahneman's work with Amos Tversky is the subject of Michael Lewis's *The Undoing Project: A Friendship That Changed Our Minds* In the international bestseller, *Thinking, Fast and Slow*, Daniel Kahneman, the renowned psychologist and winner of the Nobel Prize in Economics, takes us on a groundbreaking tour of the mind and explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Winner of the National Academy

of Sciences Best Book Award and the Los Angeles Times Book Prize and selected by The New York Times Book Review as one of the ten best books of 2011, *Thinking, Fast and Slow* is destined to be a classic.

They take these techniques—including visualization, motivation, performance ritual, breath control, and more—and demonstrate how they can be effectively applied in the business world. Mental toughness allows anyone to overcome stress, anger, fatigue, petty problems and workload so they can accomplish their goals, unlock their boundless physical and mental energy and be focused, relaxed and confident in the workplace. The techniques outlined in this book allow anyone to hone their mental toughness and succeed in today's tough business world.

The Power of Full Engagement

Your Brain at Work, Revised and Updated

Strategies for Overcoming Distraction, Regaining Focus, and Working Smarter All Day Long *HarperCollins*

A researcher and consultant burrows deep inside the heads of one modern two-career couple to examine how each partner processes the workday—revealing how a more nuanced understanding of the brain can allow us to better organize, prioritize, recall, and sort our daily lives. Emily and Paul are the parents of two young children, and professionals with different careers. Emily is the newly promoted vice president of marketing at a large corporation; Paul works from home or from clients' offices as an independent IT consultant. Their days are filled with a bewildering blizzard of emails, phone calls, more emails, meetings, projects, proposals, and plans. Just staying ahead of the storm has become a seemingly insurmountable task. In *Your Brain at Work*, Dr. David Rock goes inside Emily and Paul's brains to see how they function as each attempts to sort, prioritize, organize, and act on the vast quantities of information they receive in one typical day. Dr. Rock is an expert on how the brain functions in a work setting. By analyzing what is going on in their heads, he offers solutions Emily and Paul (and all of us) can use to survive and thrive in today's hyperbusy work environment—and still feel energized and accomplished at the end of the day. In *Your Brain at Work*, Dr. Rock explores issues such as: why our brains feel so taxed, and how to maximize our mental resources why it's so hard to focus, and how to better manage distractions how to maximize

the chance of finding insights to solve seemingly insurmountable problems how to keep your cool in any situation, so that you can make the best decisions possible how to collaborate more effectively with others why providing feedback is so difficult, and how to make it easier how to be more effective at changing other people's behavior and much more.
