The Secrets Behind “The Secret”

What You Need to Know about the Law of Attraction and Dream Manifestation 22 Lions - www.22Lions.com

Much has been said about the law of attraction and some have called it “the secret”. However, this topic is only a secret for those that didn’t know it yet as it has been mentioned and used for thousands of years. Most of the information is kept under the cover of faith and religious believe, and many have used this knowledge to control people and lead them within political agendas; others have used it for personal gaining while hiding it from everyone else. Whatsoever is the case there’s still plenty to learn about the law of attraction or the law of dream manifestation. Most books discussing it will show strategies, techniques and methods to obtain what we wish for in our life but they still hide the main secrets. These Authors show us what to do but not how it works, why it works or the purpose of its existence. After decades of personal studies on spirituality, a simplification within a specific theory was possible to explain more than anyone ever said about this issue. This book doesn’t intend to represent any religious dogma in particular and was written based on the insights from several spiritual believes, ancient and modern, as well as known and secret to the public. Religion promotes a life philosophy and, although very misleading, also talks about universal truth. This paradigm is being noticed by modern science, which in some fields attests the dogma and in others reveals its fallacy. We’re now much closer to know what is true, false or merely half-true. Quantum Physics, for

example, is still at its starting point but much has explained already. Willing to describe a more complete understanding matching all these subjects, the Author will here reveal what he knows with a reasonable and humble perspective based on personal experiences. This book will not make any promises regarding becoming a millionaire or famous and none of the theories here exposed are immune to failure. Instead, it will explain how personal and spiritual growth matches the law of attraction and how we can understand life and the changes in our reality better while applying the necessary responsibility we must have as the spiritual beings that we are. The following chapters are supported by the Author’s background and studies in Religious Societies, Greek Philosophy, Chinese Philosophy, Modern Psychology and Psychopedagogy, related to the mechanism of life and the anatomy of the spirit, as well as these sources’ acknowledgement in what can be applied to the law of attraction. The theory presented is complete, flexible, simple and practical, allowing an easy assimilation to any lifestyle. With this knowledge the reader will have the power to change reality and manifest his own desires, while understanding all the dynamics involved in such process. The major success of the first edition wasn’t expected but the Author took into consideration all kind opinions and uplifting reviews to improve this second edition and make it even more powerful and accessible to anyone. You have now in your hands a book that has been recommended by famous Entrepreneurs as being in the same level as Napoleon Hill “Think and Grow Rich” and Wallace D. Wattles “The Science of Getting Rich”, both books that inspired the movie “The Secret” and all the speakers in it. But

also a book that climbed rapidly into the Bestsellers list of Amazon soon after being published for the first time. This is truly the most revealing book about the Secrets behind "The Secret".

Total Law of Attraction

Unleash Your Secret Creative Power To Get What You Want! *Simon and Schuster*

Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name "experts" on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What

exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to "manifest" what we desire into our physical reality. Total Law Of Attraction explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. Total Law Of Attraction avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

Are you ready to manifesting anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The Grand Design *Bantam*

#1 NEW YORK TIMES BESTSELLER When and how did the universe begin? Why are we here? What is the nature of reality? Is the apparent "grand design" of our universe evidence of a benevolent creator who set things in motion—or does science offer another explanation?

In this startling and lavishly illustrated book, Stephen Hawking and Leonard Mlodinow present the most recent scientific thinking about these and other abiding mysteries of the universe, in nontechnical language marked by brilliance and simplicity. According to quantum theory, the cosmos does not have just a single existence or history. The authors explain that we ourselves are the product of quantum fluctuations in the early universe, and show how quantum theory predicts the “multiverse”—the idea that ours is just one of many universes that appeared spontaneously out of nothing, each with different laws of nature. They conclude with a riveting assessment of M-theory, an explanation of the laws governing our universe that is currently the only viable candidate for a “theory of everything”: the unified theory that Einstein was looking for, which, if confirmed, would represent the ultimate triumph of human reason.

The Missing Element

Inspiring Compassion for the Human Condition *Simon and Schuster*

Everyone longs to be understood in their essence. In "The Missing Element", author Debra Silverman describes human nature in a compassionate and succinct way, and offers ways for us to

get to know ourselves in depth with the wisdom of archetypes. The information in this book stands on the shoulders of our elders, who understood the four directions, the four elements, the four noble truths. Whatever pain you experience is specific to your personality type, based on the four elements. The 'missing element' is twofold: it refers to the Observer inside you – the part of you that can stand outside of judgment and see yourself with a more wise and compassionate approach – much like our elders did. And it also refers to the elements that make up your personality and more specifically, to the element which is your weakest. Your issues will repeat themselves again and again until you can see yourself and others from the compassionate vantage point that unites all of us. You will understand that your life and all its stories were designed by your soul to get your attention right now. It is inviting you to seek the wisdom of the ages to help you grow... that's why you found this book at this moment in time!
