Principles of international financial law | Oxfam GB ...

The book examines a number of legal concepts developed in the common law world that form the foundation of the operation of international financial transactions. It does not deal with the detailed rules that govern financial transactions, but rather with the ideas that gave rise to the present rules and which, when those rules change, will underpin the new rules that replace

them.

LLM in International Banking Law and Finance | Edinburgh ...

Corporate finance theory seeks to understand how incorporated firms

address the financial constraints that affect their investment decisions. This is achieved by using varied financial instruments that give holders different claims on the firm's assets. Recent

scholarship in this area explores precisely how legal mechanisms affect corporate finance and the development of financial markets.
