... This book argues that identity is changing profoundly and that money is changing equally profoundly. Because of technological change the two trends are converging so that all that we need for transacting will be our identities captured in the unique record of our online social contacts. Social networks and mobile phones are the key technologies. They will enable the building of an identity infrastructure that can enhance both privacy and security - there is no trade-off.

Identity is the New Money (2014) | David G.W. Birch

In the long run there will be no need for a single medium of exchange, no need for fiat currency. Identity substitutes for money as I explore in my book "Identity is the New Money" (London Publishing Partnership, London: April 2014). I argue in the book that this is inevitable because the nature of identity is changing, both the indexed notion of identity that emerged from 19th and 20th century industrial society and urban anonymity, and the pre-industrial notion of identity that builds ...

Identity Is the New Money: Come la nuova identità sociale ...

Identity is the new money — is a book by David Birch, published in 2014. In this book author argues that the new economy and the new society that is built on top of it, demand a new way of thinking about identity, and a new way of thinking about money — and that the two converge. The only reason I wanted to buy the book and read it was the name.

In the same way, identity cannot be understood in isolation from our sense of sovereign being and its psycho-sexual foundations. Ultimately Dave's conclusions, and his bold statement that 'Identity is the New Money', are at best only a partial reflection of the nature of money and identity, and their relationship.

Amazon.co.uk:Customer reviews: Identity is the New

Money ...

Is identity the new money? We've all heard the phrase "If the product is free, then you are the product." It was coined at a time in the not too distant past when social networks were in their infancy and we were all mesmerized by the fantastic services that we could consume to keep in touch and interact with each other all for free!

Is identity the new money? | World Economic Forum

"Identity is the new money" is eye-catching, it's entertaining, it probably doesn't do any harm to say it, any more than it hurt to say "the structure of the system is determined by the structure of the data", saying it is a polite but glib way of ending a boring conversation, you might even tell new recruits on day one of their induction course that it summarises the job.
