Learning How to Fly

Life Lessons for the Youth

Dr. A. P. J. Abdul Kalam had a great belief in the power of the youth. He met over 21 million children and young people in India and

He travelled to almost every corner of the country meeting the youth in schools, universities and institutions and interacted with them like a committed teacher. In *Learning How to Fly* some of his nearly 2, 000 lectures have been compiled. These lectures were addressed to teachers and students in school and beyond. In each one of them he has spoken about preparing oneself best for life, to identify and overcome challenges and how to bring out the best within each individual. Through stories from his own life, those of his

teachers and mentors as well as stories of some of the greatest men and women of the world and the latest developments in science and technology, he shows us the importance of dreams and the hard work needed to turn those dreams into reality. A Life in Diplomacy*Penguin UK*

An insider's account of the personalities and policies that shaped Indian diplomacy. Former foreign secretary, Maharajakrishna Rasgotra joined India's external affairs ministry when Jawaharlal Nehru, Girija Shankar Bajpai, Sardar Patel were—with a mix of pragmatism and hope—creating the foreign policy of the newly independent nation. This was taking place as the Cold War slid into the subcontinent and complex relationships with India's neighbours—China, Pakistan and Nepal—were taking shape. Looking back on those crucial years with a discerning eye for the interplay of personalities—Nehru,

Krishna Menon, or S. Radhakrishnan, for instance—Rasgotra assesses their influence on events and their impact on the evolution of Indian diplomacy. For over three decades Rasgotra's assignments took him to Nepal, Britain and France, among other countries, as well as twice to the United States. His account of Nixon and Kissinger, and the mix of truculence and persuasion in their dealings with Mrs Gandhi in the run up to the 1971 Bangladesh war, sheds new light on the events of that time. His tenure as foreign secretary covered a period of great change and *A Life in Diplomacy* provides a ringside view of the beginnings of ethnic violence in Sri

Lanka, the last years of the Cold War, the negotiations on the formation of SAARC, Mrs Gandhi's assassination and the Bhopal gas disaster. This is a compelling, authoritative account of a personal and professional journey; a reflective look at the leaders, events and forces that formed relations between India and the world over fifty years.

Gurkha

Better to Die than Live a Coward: My Life in the Gurkhas
Little, Brown Book Group

In the summer of 2006, Colour-Sergeant Kailash Limbu's platoon was sent to relieve and occupy a police compound in the town of Now Zad in

Helmand. He was told to prepare for a forty-eight hour operation. In the end, he and his men were under siege for thirty-one days - one of the longest such sieges in the whole of the Afghan campaign. Kailash Limbu recalls the terrifying and exciting details of those thirty-one days - in which they killed an estimated one hundred Taliban fighters - and intersperses them with the story of his own life as a villager from the Himalayas. He grew up in a place without roads or electricity and didn't see a car until he was fifteen. Kailash's descriptions of Gurkha training and rituals - including how to use the lethal Kukri knife - are eye-opening and fascinating. They combine with the story of his time in Helmand

to create a unique account of one man's life as a Gurkha.

Captain Amarinder Singh: The People's Maharaja

An Authorized Biography *Hay House, Inc*

An authentic, definitive and no-holds-barred narrative – packed with fascinating incidents and anecdotes – that brings alive the life and times of one of the most prominent, multifaceted and striking individuals (a former royal) in the sphere of Punjab politics. Beginning with a historical background of how the Patiala kingdom came to be established, and ruled, over the centuries, the

author moves on to describe the early years of Amarinder Singh (a scion of that kingdom). He then portrays the Indo-Pak war zone of 1965 (where the protagonist earned his spurs) and finally focuses on the combative arenas of Punjab politics, where numerous electoral and other battles have been (and continue to be) fought. This informative work unravels the subterfuges of politicians and others (including religious leaders) in trying to ensure their dominance. The pages reveal behind-the-scenes intrigues, plots and counter-plots even as Punjab was in the vice-like grip of terrorism in the late twentieth century. Operation Bluestar (June 1984) and its consequences have been objectively recorded. Besides tracing the career graph of Amarinder Singh, who reached his pinnacle when he became the chief minister of Punjab in February 2002, the author provides useful insights into crucial events that have made an immense impact on that state and the neighbouring areas over the past few decades. The text also throws light on Amarinder Singh's five-year tenure as chief minister (marked by both positive and negative aspects) and on the following period, when Parkash Singh Badal regained that post. The contents are rounded off with an update on the Punjab scenario up to

February 2017, which saw Amarinder Singh come back with a thumping victory. Here's a saga that records history in the making in Punjab.

Turning Points

A Journey Through Challenges

HarperCollins

It was like any other day on the Anna University campus in Chennai. As I was returning to my room in the evening, the vice-chancellor, Prof. A. Kalanidhi, fell in step with me. Someone had been frantically trying to get in touch with me through the day, he said. Indeed, the phone was ringing when I entered the room. When I answered, a voice at the other end said, 'The prime minister

wants to talk with you.' Some months earlier, I had left my post as Principal Scientific Adviser to the Government of India to return to teaching. Now, as I spoke to the PM, Atal Bihari Vajpayee, my life was set for an unexpected change. Turning Points takes up the incredible Kalam story from where Wings of Fire left off. It brings together details from his career and presidency that are not generally known as he speaks out for the first time on certain points of controversy. It is a continuing saga, above all, of a journey - individual and collective - that will take India to 2020 and beyond as a developed nation.

Failure Is an Option

An Attempted Memoir *Penguin*

"Writing this funny requires immense talent." —AV Club H. Jon Benjamin—the lead voice behind Archer and Bob's Burgers—helps us all feel a little better about our own failures by sharing his own in a hilarious memoir-ish chronicle of failure. Most people would consider H. Jon Benjamin a comedy show business success. But he'd like to remind everyone that as great as success can be, failure is also an option. And maybe the best option. In this book, he tells stories from his own life, from his early days ("wherein I'm unable to deliver a sizzling fajita") to his romantic life ("how I failed to quantify a threesome")

to family ("wherein a trip to P.F. Chang's fractures a family") to career ("how I failed at launching a kid's show"). As Jon himself says, breaking down one's natural ability to succeed is not an easy task, but also not an insurmountable one. Society as we know it is, sadly, failure averse. But more acceptance of failure, as Jon sees it, will go a long way to making this world a different place . . . a kinder, gentler place, where gardens are overgrown and most people stay home with their pets. A vision of failure, but also a vision of freedom. With stories, examples of artistic and literary failure, and a powerful can't-do attitude, *Failure Is an Option* is the book the world doesn't need

right now but will get regardless.

The Autobiography of Martin Luther King, Jr. *Grand Central Publishing*

With knowledge, spirit, good humor, and passion, THE AUTOBIOGRAPHY OF MARTIN LUTHER KING, JR. brings to life a remarkable man whose thoughts and actions speak to our most burning contemporary issues and still inspire the desires, hopes, and dreams of us all. Written in his own words, this history-making autobiography is Martin Luther King: the mild-mannered, inquisitive child and student who chafed under and eventually rebelled against segregation; the dedicated young minister who

continually questioned the depths of his faith and the limits of his wisdom; the loving husband and father who sought to balance his family's needs with those of a growing, nationwide movement; and the reflective, world-famous leader who was fired by a vision of equality for people everywhere. Relevant and insightful, THE AUTOBIOGRAPHY OF MARTIN LUTHER KING, JR. offers King's seldom disclosed views on some of the world's greatest and most controversial figures: John F. Kennedy, Malcolm X, Lyndon B. Johnson, Mahatma Gandhi, and Richard Nixon. It also paints a rich and moving portrait of a people, a time, and a nation in the face of powerful

change. Finally, it shows how everyday Americans from all walks of life confronted themselves, each other, and the burden of the past-and how their fears and courage helped shape our future.

Swan Wings

**A Spiritual
Autobiography -
Part I: Childhood
and Youth** *CLAIRVIEW
BOOKS*

'They only awoke when the fire came through the roof...'. The words of the news presenter jolt the toddler into wakefulness. Arousing to consciousness from a twilight of hidden memories, she asks: Who am I, and where was my consciousness before it entered my body? In the first volume of her extraordinary true story, Judith von Halle tells of powerful spiritual experiences as a child and young person. Still in her third year, she begins to see the world with different eyes, observing things that people around here clearly cannot see - like the multicoloured currents of life - which

her child's mind calls the 'magical life-force' - or the ability to maintain consciousness whilst asleep, or perceiving grotesque faces at the threshold to what she calls the 'World of Reality'. All the time, she is nourished by the 'venerable Light' that gives her strength and encouragement. As a 10-year-old, the young girl has a shattering soul encounter that reveals the universal source of wisdom and love, offering a pathway to her search for wholeness. In her private thoughts she mulls over existential, philosophical questions such as life and death, transience, love and God. Yet in the everyday she has to navigate between what she calls the 'day-theatre-world' and

what she knows as the 'World of Reality'. She finds consolation in the realms of poetry, philosophy and art and experiences a breakthrough in her thinking, but it is not until the age of 25 that she is able to share her secret world of metaphysical knowledge. She discovers a group of people who have embraced an open-minded philosophy in which she finds astonishing correspondences with her own spiritual understanding. Here, she finds the concept of reincarnation, which brings her full circle - back to her original awakening to self-consciousness... Swan Wings is a courageous, moving and inspiring testimony to the immortal spiritual

individuality of the human being, its origins, capacity and full potential.

An exhaustive and unforgettable portrait of India's greatest and most respected industrialist. Written with J.R.D. Tata's co-operation, this superb

biography tells the J.R.D. story from his birth to 1993, the year in which he died in Switzerland. the private man and the public figure, including glimpses of his long friendships with such people as Jawaharlal Nehru, Mahatma Gandhi, Indira Gandhi and his association with celebrities in India and abroad.

An Indian Pilgrim *CreateSpace*

Written towards the end of 1937 during his Europe trip, after being nominated the President of the Indian National Congress, An Indian Pilgrim traces Bose's life story from birth till his resignation from the Indian Civil Service. It is an astounding account of his ideological development and his singular focus on India's reconstruction in which Swami Vivekananda played a

large part—"I was barely fifteen when Vivekananda entered my life. Then there followed a revolution within and everything was turned upside down." The book recounts the development of the spirit of service, sacrifice and zeal for national liberation, which were the driving forces of his life. We hope this publication will gain wide circulation so that the spirit of Subhas Chandra Bose becomes the guiding light of the country's youth in these disturbing times.

Strategic Design Thinking

Innovation in Products, Services, Experiences and Beyond *Bloomsbury Publishing USA*

Who can design? For too long, that question has highlighted the supposed division between right-brain dominant "creative types" and left-brain dominant "analytical types." Such a division is not practical for preparing students to become innovative contributors to the complex world of design. Strategic Design Thinking guides readers to cultivate hybrid thinking, whether their background is design, finance, or any discipline in between. This book is an introduction to an integrative approach using the lens of design thinking as a way to see the world. The focus is on process instead of solution, and on connecting disparate ideas instead

of getting bogged down by silos of specialization. Through this book, students will be introduced to design management, strategic design, service design, and experience design.
