Traditional fairytales are rife with clichés and gender stereotypes: beautiful, silent princesses; ugly, jealous, and bitter villainesses; girls who need rescuing; and men who take all the glory. But in this rousing new prose and poetry collection, Nikita Gill gives *Once Upon a Time* a much-needed modern makeover. Through her gorgeous reimagining of fairytale classics and spellbinding original tales, she dismantles the old-fashioned tropes that have been

ingrained in our minds. In this book, gone are the docile women and male saviors. Instead, lines blur between heroes and villains. You will meet fearless princesses, a new kind of wolf lurking in the concrete jungle, and an independent Gretel who can bring down monsters on her own. Soul Keeping

Caring For the Most Important Part of You *Zondervan*

The soul is NOT "a theological and abstract subject." The soul is the coolest, eeriest, most mysterious, evocative, crucial, sacred, eternal, life-directing, fragile, indestructible, controversial, expensive dimension of your existence. Jesus said it's worth more than the world. You'd be an idiot not to prize it above all else.

Shouldn't you get pretty clear on exactly what it is? Shouldn't you know what it runs on? Wouldn't it be worth knowing how to care for it? Two things are for sure. One is: you have a soul. The other is: if you don't look after this one you won't be issued a replacement.

Bestselling author John Ortberg writes another classic that will help readers discover their soul and take their relationship with God to the next level.

The Poisonwood Bible *Faber & Faber*

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce

evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The *Poisonwood Bible* was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to

be read and adored by millions worldwide.

Past Imperfect

French Intellectuals, 1944-1956 *Univ of California Press*

The uniquely prominent role of French intellectuals in European cultural and political life following World War II is the focus of Tony Judt's newest book. He analyzes this intellectual community's most divisive conflicts: how to respond to the promise and the betrayal of

Communism and how to sustain a commitment to radical ideals when confronting the hypocrisy in Stalin's Soviet Union, in the new Eastern European Communist states, and in France itself. Judt shows why this was an all-consuming moral dilemma to a generation of French men and women, how their responses were conditioned by war and occupation, and how post-war political choices have come to sit uneasily on the conscience of later generations of French intellectuals. Judt's analysis extends beyond the writings of fashionable "Existentialist" personalities such as Jean-Paul Sartre, Albert Camus, and Simone de Beauvoir to include a

wide intellectual community of Catholic philosophers, non-aligned journalists, literary critics and poets, Communist and non-Communist alike. Judt treats the intellectual dilemmas of the postwar years as an unfinished history. French intellectuals have not fully come to terms with the gnawing sense of what Judt calls the "moral irresponsibility" of those years. The result, he suggests, is a legacy of bad faith and confusion that has damaged France's cultural standing, notably in newly liberated Eastern Europe, and which reflects the nation's larger difficulty in confronting its own ambivalent past.

Seeds Planted in Concrete

Through illustration and poetry, *Seeds Planted in Concrete* is Bianca Sparacino's raw testament to the beauty that is found within the contrasts of life. By writing

truthfully about the intricacies of both love and loss, Sparacino's first collection of work is one that will speak to the very depths of those who read it, inspiring a will to love, and live. This collection is a manifesto of the journey every human being takes throughout their life; an assembly of words that celebrates the resilience of the human heart through stages of hurting, feeling, healing and loving.

Walk Two Moons

Harper Collins

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly

moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.
